War Clouds Hang Over Abyssinia

Above: Italian officers and leaders of their native allies are shown at the Abyssinian frontier, two weeks ago, shortly before the clashes between Italian and Abyssinian troops which presage another war of conquest on African soil. They are holding an informal conference with Abyssinian war chiefs.

The figure on horseback is **Chelchogol**, leader of the Abyssinian forces. He is in full battle raiment. The person on foot is another international crisis for the League gathering at Geneva. Associated News Service.

MINNIE RUTH WINS JESSE AS HUBBY; OTHER GIRL ONLY FRIEND

CLEVELANDVILLE, Ohio, July 10.—(ANP)—Jesse Owens' greatest feat as sprinter, broad jumper and hurdler will never get into the record books, for the young man's "tallest stepping" seems to have been done when he was caught between the cross fire of two comely ladies, Miss Quincella Nickerson, Los Angeles, Calif., and Miss Minnie Ruth Solomon of this city.

Jesse was married to Miss Solomon here Friday night.

But the culmination of the long romance between Jesse and Miss Solomon was anything but quiet. For several years, it had been generally understood among the friends of Jesse that Minnie Ruth was "his girl" and that sometime there would be a wedding. Owens had even said as much in plain words himself.

Beauty Enters Picture

But that was before he began traveling. When Jesse went to the national collegiates in California to meet other young ladies and all innocently as is his wont, Jesse made the most of the situation. He stayed in the home of William Nickerson, Jr., insurance man of Los Angeles, the guest of Mr. Nickerson's son, a fraternity brother. Mr. Nickerson also has a comely daughter, Quincella Nickerson, a graduate of Pisk university.

Jesse and Quincella went around a bit and Quincella wore the young athlete's fraternity pin. Wearing a boy's fraternity pin in California is just like a girl kissing a boy in some European countries. It means that from then on the twins are one. At any rate, that is what some folk in Los Angeles thought and the report went out that Miss Solomon had been forgotten.

But it was all a mistake. Minnie Ruth is said to have burnt up the wires and Jesse and Quincella were full of explanations.

"Nothing To It," They Say

After Jesse and Minnie Ruth were married Friday night, Miss Nickerson explained: "Mr. Owens was merely a casual social acquaintance who was entertained in my father's home while a guest here. I met Mr. Owens through mutual friends and accompanied him to a dance. We never had the faintest idea of being serious toward each other."

Be that as it may, Minnie Ruth did not meet Jesse at the station Friday night when he reached Cleveland, and even after he reached her home, she did not put on a pretty dress for him until he showed her that he had brought that fraternity pin along.

Then everything was all right. Saturday, Jesse went to Buffalo to compete in a police athletic carnival. Once again, he met Eulace Peacock in the 100-meter dash and once again he was beaten. But as Max Baer would say, "What are championships to the woman you love?"

GRANT REQUEST FOR UNOPPOSED MOTOR BUS LINE

White citizens, residents of the "cracker" section of the Golden Hill district, scored another point in their fight to foster open "Jim Crowism" upon the northern section of the city when the Public Service Commission granted the application of the Indianapolis Street Railways company for a license to operate motor busses through the district.

In announcing the approval of the commission at the public hearing held Tuesday, Pete H. Dawson, examiner for the commission and its secretary, said the order would be held for public inspection for ten days before operation of the service would begin.

James P. Tretton, vice-president of the Railways company said the new service had been requested by members of the Golden Hill Civic association, representatives of those who would be chief users of the route. Approval of the Board of Works had been secured, he added.

Though approximately twenty-five members of the association were present, none was called to testify, as no contest to the granting of the license was offered, something unusual, Mr. Dawson said.

Service Duplicated

The new bus route, established for a 90 day experimental period, will run from Thirtieth and Illinois to Twenty-ninth, west to Kenwood, north Thirtieth, west to Northwestern, north to Thirty-sixth, west to Clifton, south to Thirtieth and east to Illinois.

The greater portion of this route is already traversed by the Northwestern trolley bus, heavily patronized by colored people.

The street car company's application for the new bus route is the outcome of the fight of the Golden Hill associations to force segregation on street cars, if possible. They induced the company to agree to operate the proposed route after a demand that jim crow cars be placed in operation on the Northwestern line had been

Hurt In Collision

Lewis Williams, 16, 428 West Twenty-eighth street, son of Russell Williams, Herbert Davis, 33, 562 Odell street and Lewis Blow, 25, 369 West Twenty-eighth street suffered slight injuries Saturday night when an automobile in which they were riding was struck by another car at Kessler Boulevard and the Allisonville Road.

Frank Sadler, 55, 4708 Central avenue, his wife, Mrs. Maybelle Sadler, 55, and Mrs. Kate Martin, 66, same address (all white) occupants of the other car were treated at the St. Vincent's hospital.

Wants Complete Jim Crow

The association revealed its intention to force segregation in other directions when it recently requested of the school board that it build a jim crow branch library for the colored people in the district who now use the Riverside branch.

Two ministers were among the leaders of the Golden Hill delegation at the hearing. The Rev. Lance Mantel and the Rev. Aubrey Moore, pastor of the seventh Christian church.

Members of the association are reported as confident that colored persons will not attempt to use the new bus service.

Says Local Firm Snubbed Dr. Julian Because of Color

Cultured Americans are slow in learning the practical meaning of where, according to charges made an address delivered before the Indiana Allen Christian Endeavor by Mrs. Millie Della Hoffman, in Christianity, whether in Indianapolis or Purdue university or elsewhere, in the current issue of The Negro Journal of Religion.

As proof, Mrs. Hoffman recited the refusal of a great firm in this city to employ Dr. Percy Julian, noted chemist now teaching at De-pue university, because white men, far less qualified than he, refused to work with a colored man.

The claim that increasing contact with people of other lands is doing away with race prejudice is all bunk, the writer says. In support she says even in Indiana a colored student of Purdue university cannot find a room in West this institution of learning and culture is situated.

GETS SCHOLARSHIPS

WASHINGTON, July 12.—(ANP)—The trustees of the estate of the late LaVerne Noyes, Chicago, have notified President Mordcaai W. Johnson, of Howard university, that a scholarship will be provided at Howard university for each school and college of the university.

EMPEROR CALLS COUNCIL OF WAR TO MAP POLICY

Spokesman for Japanese Government Asserts His Country Will Intervene

NEUTRALITY AT END

African Empire Moves Army of 800,000 Troops Toward Probable Battle Fronts

TOKIO, July 12.—(Special)—That Japan will take an active part in the imminent Italian-Ethiopian hostilities appeared certain today following a hurried council of war chiefs called by Emperor Hirohito.

According to news dispatches, the war council followed a conference between the Mikado and Gen. Kazushige Ugaki, a member of the Japanese supreme war council and an outspoken opponent of neutrality in the Abyssinian fight.

It is believed that for the time being Japan will shift her attention from her conquest of China to ways of preventing the defeat of Abyssinia by Italy.

General Ugaki was quoted in a recent news broadcast as saying that "Japan should not be content with detached interest in the Italo-Abyssinian dispute." That Japan was gravely concerned in the African kingdom's plight was confirmed by a spokesman for the foreign office. No appeal, however, the spokesman said, had been received for Japanese intervention.

He took sharp issue with Italy's contention that Japan had "persuaded" Ethiopia to buy Japanese products.

"Only low costs for our products won us commercial favors in Abyssinia," he said.

Given Land Concessions

The spokesman denied Japan has been selling ammunition to Abyssinia.

Rivalry between Japan and Italy in Abyssinia reached its peak when a noble marriage that was to link the Japanese and Abyssinians was halted, reportedly through intervention of Premier Mussolini. The principals in the betrothal were Prince Arya Ababa, distant relative of Emperor Haile Selassie, of Ethiopia, and Masako Kurade, daughter of Viscount Kurade, of Japan.

Prior to that, Japanese had been granted large land concessions to develop the cotton-growing industry in Abyssinia.

Although Italy's methods in her Abyssinian conquest are remarkably parallel to Japan's campaigns in Manchukuo and north China, accusations of "incidents" and lack of orderly government, followed by a military drive—a large body of Japanese army opinion is said to favor active opposition to Italian aims in Ethiopia.

YOUTH ACCUSED OF \$1000 THEFT

Periodical losses of varying sums of money was believed at an end by officials of the L. S. Ayres company as detectives led Sylvester Dupree, 25, 506 West Twenty-fifth street to the restraining interior of the Marion county jail.

Dupree, before his arrest considered one of the most efficient and trustworthy of porters at the large department store, will face trial July 16 before Judge Charles Karrabel on a charge of embezzlement. He is charged with having stolen sums totaling nearly \$1,000 from the company over a period of the last four years.

Employees handling funds for the company reported sporadic shortages in moneys in a certain department. Efforts to trace the source proved futile until several weeks when Dupree left for his annual vacation. Suspicion pointed in his reported during his absence. He is said to have been caught red handed shortly after his return and to have confessed.

Jesse Got a Tie in This Race

A fast stepper off as well as on the track, Jesse Owens, famed Ohio State University star, made a speedy trip to the Cleveland, O., home of Minnie Ruth Solomon to assure her that only idle rumor had him engaged to Quincella Nickerson, Los Angeles belle. A short time later the couple stood before the Rev. Ernest Hall, left, Baptist pastor, and were married, Owens then hurrying east for track engagements.

Things Are Not What They Seem

Now that Jesse Owens and Miss Minnie Ruth Solomon are happily married there's no harm in getting an eyeful of the cause of the momentary rift between the two childhood sweethearts.

The above picture may carry the suggestion that there is something to what you see, but since things have taken the turn they have, Jesse's explanation that the pose caught here with Miss Quincella Nickerson, Los Angeles, was just an over zealous photographer's idea of how a great athlete should appear when not burning the cinder path to hang up new records.

Four Lynched, 1935

Four lynchings were recorded during the first half of 1935 according to figures just released by the Department of Record and Research of Tuskegee Institute, through the President, Dr. F. D. Patterson.

This is two less than the number for the same period last year and four less than the number for the same period in 1933.

All of the persons lynched so far this year were colored, the offenses charged being, wounding a white man during altercation, 1; rape, 1; murder, 2.

The states in which lynchings occurred and the number in each state are, Louisiana and Mississippi, two each.

Body of Chicago Man Taken To Native Home at Lyles For Final Resting Place

Elmer Madison, 47, Chicago, died in the City hospital Monday night twenty-four hours after he had suffered a fractured skull in a fall into a grease pit at the Billy Grimes Tire Shop, 220 West Michigan street.

Madison was the second man to fall into the pit this year. James Nicholson, barber, was injured in a fall into the pit this spring.

Funeral services were held today at Lyles, Ind., his native home. Relatives gathered here when apprised of the tragedy to decide what steps would be taken in the way of damage suits.

visit with relatives and friends.

Madison, here on a one day est Madison, 381 West Twenty-fifth left the home of his brother, Ernest, late Sunday night with a sister, Mrs. Dora Mitchem, and her two children, also of Chicago, for the Windy City.

While having their car serviced for the long trip, Madison inquired the whereabouts of a rest room. The other occupants of the car remained in their seats said Madison was directed by Chester Frankenburg, the night station attendant.

Pit Not Lighted

The rest room is located in the rear of a portion of the building in which grease pits are situated. In attempting to find his way by a narrow passage, Madison fell into one of the pits, fracturing his skull. According to those remaining in the car, there was no light in the room.

Fifteen minutes later he was discovered by Frankenburg, who heard his groans. Police, who were called, rushed him to the City hospital, where he died without ever regaining consciousness.

Madison was born in Princeton, Ind., and received his early education there. He came here in 1916, moving to Chicago in 1930. He is said to have built a lucrative business there as an interior decorator.

Throughout his life he was active in church work and at the time of his death was deacon in the Church of God and Saints of Christ.

He lived with his wife at 108 West Thirtieth street, Chicago.

Besides the widow, Mrs. Ola Madison, he is survived by three sisters, Mrs. Betsy Cooper, Patoka, Ind.; Mrs. Mary Byrd, Kansas City, Mo.; and Mrs. Dora Mitchem, Chicago; three brothers, Ernest Madison, city; George Madison, Lyles, Ind.; and McKinley Madison, Patoka, Ind.; a niece, Miss Zelma Greathouse, and a nephew, James Mitchem, both of Chicago.

Attorneys for the couple asserted the suits would be withdrawn this week. The love converts now maintain a cozy apartment at 548 North Senate avenue.

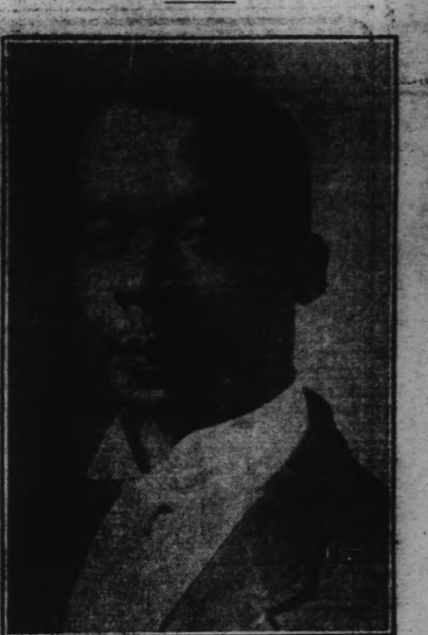

NOTED CHURCH BUILDER PAID HIGH TRIBUTE

End Comes Suddenly and Dramatically To Pastor At Close of Big Reception

MANY LEADERS GATHER

Notables High In The Baptist Circles Here For Final Tribute to Stricken Leader

Seldom within the memory of this city's oldest residents has a more dramatic end come to a great career than that which with the incalculable speed of a thunderbolt unexpectedly swept into the "great beyond," the Rev. George W. Ward, pastor of the Antioch Baptist church, Monday night at the close of a reception in his honor.

REV. G. W. WARD

Pandemonium broke loose among the four hundred persons leaving their places at the banquet table as the tall, elderly leader, standing in the midst of a small group of admiring friends, suddenly raised his eyes aloft and fell backwards, dead.

Creeps of horrified women drowned out commands of cooler male heads to remain quiet as the order to secure a doctor went out. Women and men, old and young, their faces streaming with tears crowded about the three physicians who, only a short time before had highly praised the fallen preacher, as they sought vainly to revive him.

After an investigation, he was pronounced dead by Drs. Henry S. Hummons, L. R. Young and S. A. Furniss. Several hundred persons congregated about the church as news of Rev. Ward's sudden death spread through the community.

Death was attributed to a stroke of apoplexy.

Crowd Packs Church

Several thousand persons jammed to capacity the Antioch Baptist church Friday afternoon in attendance at the funeral services. A long steady line of friends and sympathizers filed reverently past the bier as the body lay in state from 12 a. m. to 12 noon.

The Rev. Judge I. Saunders, pastor of Shiloh Baptist church, presided at the funeral rites.

High tribute to the character, ability, leadership and humaneness of the deceased pastor was paid his memory by the Rev. K. L. Warren, pastor of Bethany Baptist church, New York City, in a deeply impressive funeral sermon. Leaders in every walk of the city's life paid their final tribute to one whose masterly application of the simple principles of private life and devotion to Christian duty brought him such respect and admiration from his fellow men.

The invocation was given by the Rev. C. H. Dalley, followed by music by the Antioch choir. The reading of the Scripture by the Rev. M. A. Talley was followed by a vocal selection by the Rev. J. B.

NEW LAW WILL THIN RANKS OF LOCAL BEAUTY CULTURISTS

Gaping holes will be shot into the ranks of beauty culturists when the new state Beauty Culture law goes into effect August 1st.

Chubby hole, bod, room, kitchen and basement beauty shops that now pock mark the city's residential and business districts will pass into oblivion as soon as the stringent provisions of the new law are backed by contemplated rigid enforcement.

Provisions of the law, passed by the 1935 General Assembly, require all beauty culturists, eye brow archers, manicurists and electrolysis to pass a medical examination and register with the Board of Beauty Culturist Examiners to continue practice of their profession after August 1.

Fees assessed against members of the various divisions of the profession are as follows: examination of beauty culturists, \$7.00; issuance of certificate, \$3.00; examination of manicurists, \$5.00; certificate for manicurists, \$5.00; certificate for electrolysis, \$10.00.

Beauty culture schools will pay a license fee of \$100 a year.

May Evade Large Fee

All persons who have practiced their profession at least twelve months prior to the first of next month will not be required to take an examination.

The medical examiner's fee is four dollars.

Rigid fines and jail sentences are provided as penalties for violations of the regulations covering practice of the profession under various circumstances: no one without a certificate may practice as an apprentice; certificates must be displayed in or near the operator's booth; rooms used for business or residential purposes may not be used for the practice of beauty culture unless separated by a partition from other parts of the building; running hot and cold water be provided at all times; signs must be displayed on all entrances to beauty shops and schools; practice of the art is prohibited in homes of private citizens.

Duke Ellington—A Unique Personality

Duke Ellington occupies a unique position in the realm of hot jazz. His band is distinctive and unusual, and everything about Ellington and his band savors of originality and interest.

In ten years Duke Ellington has worked himself up from a small time band leader to the position of a first-rate conductor in the hot jazz field.

Edward Kennedy "Duke" Ellington was born in April, 1900, at Washington, D. C. At the age of six he was taking piano lessons. His debut in the orchestra world was made in 1916 when he joined Louis Thomas' orchestra as pianist. In 1923 he was playing with Wilbur C. Sweatman's band.

Duke and his band will appear here, Tomlinson Hall, July 26, in his only appearance of the season.

Orphans of Nation's Defenders Pray For Summer Santa Claus

Twelve children are looking today out across the sun-baked fields that surround their home and wondering if a benevolent Santa Claus will remember them during the hot, stuffy days of summer as he does when the frigid blasts of the north winds bring him riding triumphant to lift a selfish world to the utmost joy and happiness of Christmas.

The children are orphans, inmates of the Indiana Soldiers' and Sailors' Children's Home at Kingstown. There are only fifteen colored children in the home. Most of the white ones have already gone or soon will go on vacation.

These vacations for the children are provided by humanitarians who each take a child into his or her home for one week.

Only three of the colored children are assured of vacations in the homes of kind, sympathetic friends. The others, ranging in ages from 5 to 15 years must wait the generosity of more fortunate grown-ups.

Little Interest Shown

Interest in the welfare of the children has heretofore been exhibited only by a group of public spirited white women. They have continually provided amusement, recreation, and extra-institutional pleasures for the children.

The move to secure homes for the orphans for summer vacations is sponsored by the Y.M.C.A. Post 107 of the American Legion and its Women's Auxiliary and officials and friends of the Children's Home.

Marion Hansberry is commander of the legion post. Mrs. Adelaide Woods, president of the Women's auxiliary. Edward S. Gaillard is the legion service officer.

Mrs. Clarence A. Jackson and Mrs. Grover C. Parr are trustees of the home.

How You May Help

Persons able and willing to give one or more of the children a vacation in their homes for a period of a week or more are requested to communicate with one of the above or write direct to the home at Kingstown.

A list of the children, orphans of soldiers and sailors with their ages is as follows: Roland and Vernon Caudy, 13 and 14, respectively; Beaman, Dorothy and Marcel Montgomery, 15, 11 and 14; James Allen, Arthur, Clarence LeRoy and Margaret Randolph, 12, 14, 17, 15, and 10; Ronald, Peggy, Jack, Mandelle and Nadia Smith, 5, 6, 8, 9, and 12.

Information and blanks may be secured from Clarence Stewart of The Indianapolis Recorder, 518 Indiana avenue.

Four Join Beauty Culturist Staff

Four colored persons were among those whose appointments were announced this week by the Board of Beauty Culturist Examiners.

They are: Mrs. Scobie Linthorne, M. D. Batties and Clarence Lucas, medical examiners; Mrs. Essie Bradford, inspector.

All three physicians are well known and recognized leaders in their profession.

Mrs. Bradford has practiced beauty culture here for a number of years and lives at 1763 Boulevard place.

Negro Legislator Looms In Kentucky

LOUISVILLE, Ky., July 12.—A number of political developments of a major nature have bobbed up here during the past week.

George R. Mcintosh, white, Republican, 58th district legislative representative who has announced he will not be a candidate for reelection has declared himself in favor of a colored man.

Meantime, the candidacy of Lee L. Brown, colored, Republican, and for years a persistent contender for a place in the legislature from the 58th district, is an accomplished fact.

With the final endorsement by the Democratic party of C. E. Banks organization, and the fact that the Republican party is for a member of the colored race it looks as if a Negro will be elected down here to the Kentucky legislature after many years of effort put forth to that end by militant race papers since 1917.

Citizens Close Jim Crow Store

DETROIT, Mich., July 12.—A signal victory was won last week by the Second American Youth Congress, in session here, in its bitterly waged fight against the spreading system of Negro discrimination in this city.

While five hundred convention delegates were at a dance at a nearby hotel, two Negroes were refused service at a drug store.

Announcement of the incident resulted in a spontaneous outpouring from the ballroom.

At least 100 police and red squads were summoned to the scene after the store had been picketed by delegates and other citizens who sang songs and cheered.

The picketing was discontinued after the store was closed because of the demonstration.

MAN BELIEVED LYNCHED, ALIVE

VILLAGE PLATTE, La., July 12. (ANP)—That Adams Avie, who was believed to have been lynched after being removed from the local jail here last Tuesday night by twelve masked men following his arrest charged with having attacked a white woman, was alive, "safe and sound and at liberty" was revealed here Thursday morning when Sheriff Charles Picon of Evangeline parish returned.

Avie was arrested last Thursday when a white woman told local police that she had been raped by him five days previous. Putting little credence in her story and believing that a lynching would be staged, Sheriff Picon, with the 11 other masked men broke into the jail and carried the prisoner to an adjoining town.

Following the removal of the prisoner files of the lynching spread, many of which told graphically and vividly of how his body had been mutilated and the finding of the victim's clothes on the outskirts of the town. Reports of the lynching were investigated but could not be substantiated and the whereabouts and fate of Avie remained a mystery until Sheriff Picon's return.

Sheriff Picon declared that after questioning Avie and investigating the alleged attack he was satisfied that if there had been any attack made on the woman, Avie knew nothing about the occurrence. He advised Avie, however, to seek another place of abode as the feeling against him was allayed.

MY PLEA TO THE ORGANIZED NEGRO DENOMINATIONS OF UNITED STATES

BY BISHOP REVERDY C. RANSOM (FOR ANP)

The Fraternal Council of Negro churches in the United States offers a real challenge to organized Negro Christianity. Today the Negro religious denominations are each going their separate ways in evangelism and religious education, while in the social, economic and political realm, the attitude and influence is something separate and apart. Neither our race nor our country has ever had the combined weight and influence of these bodies, acting as a whole.

The Fraternal Council of Negro

HEAST WANTED TO BLOCK LOUIS FIGHT

NEW YORK, July 12.—(ANP)—After William Randolph Hearst's chief editor, Arthur Brisbane, and Westbrook Pegler, Scripps-Howard columnist, had raised so much smoke about the possibility of a race riot at the Louis-Carnegie heavyweight scrap, the big publisher gave orders two weeks before the battle to have it cancelled, inasmuch as his newspapers were sponsoring it. However, New York officials persuaded Mr. Hearst a few hours later that there would be no riot and the fight was scheduled.

SAYS RACE WILL NOT HELP U. S.

SAYS UNLESS IT HELPS ETHIOPIA

CHICAGO, July 12.—(ANP)—Two large mass meetings held in the Chicago area Sunday seemed to indicate that large numbers of colored Americans eagerly seek an opportunity to do their bit to help Ethiopia in her conflict with Italy.

Many persons on relief rolls expressed the wish that Uncle Sam might negotiate for a tract of land in the Ethiopian kingdom to which American Negroes might emigrate and start life anew.

At a meeting into which 3,500 persons attempted to crowd, held in the Roseland ballroom, 47th and South Parkway, speakers representing the Negro World Alliance, led by Robert L. Ephraim, vigorously bawled the refusal of the United States government to take Ethiopia's plight, and asserted Black America's intention to do something to help her blood brothers in Africa.

Another huge crowd attended a meeting of the same organization in the World Alliance hall in Indiana Harbor Sunday night.

SOUTH BEND, Ind., July 12.—(Special to The Recorder)—Final touches are being put upon a program of elaborate arrangements for the entertainment of several hundred delegates who will attend the thirty-second annual convention of the Indiana Federation of Colored Women's clubs which meets here July 15 to 18.

The annual election of officers of the federation will be held Thursday afternoon. Re-election of all present officers is expected. Selection of the next meeting place will be made at the closing session Thursday night.

You can tell when times are normal again. A suggestion to be reasonable won't make anybody mad.

How these schemes to soak the rich will cause us to howl when we begin to prosper again.

YOUTH CONGRESS TO FIGHT FOR EQUAL RIGHTS

DETROIT, Mich., July 12.—About eight hundred young people, delegates to the Second Annual American Youth Congress, gathered from all parts of the United States, vociferously pledged to fight racial discrimination wherever it exists, and in demonstration of their attitudes were real, took up the cause of the Negro delegates in Detroit and acted against every indication of such discrimination.

Approximately eighty of the delegates at the Congress were Negroes being members of various state delegations which had hitchhiked, walked and hopped their way from as far as California and New York to the assembly.

The Congress met for the purpose of effecting a vigorous program for the rehabilitation of the country, and was composed of representatives of nearly every young peoples social movement in the country. The delegates crusade against war, work to combat fascism, agitate against unemployment, and take a realistic stand in the political development of the country.

Much of their emphasis was laid upon the struggle for equality of minority groups, and the problems of discrimination that came to light during the Congress were promptly met by action on the part of the delegates.

Herndon Honored

Angelo Herndon, symbol of Southern injustice to the Negro, was nominated as president of the Congress and missed being elected by the narrow margin of sixty votes. He was appointed by the chairman as honorary president but was impressed into service from the floor as vice president of the Congress.

A Negro delegate from New York Miss Elizabeth Scott, was unanimously elected secretary of the Congress, and Negroes were appointed to every primary committee of the Congress.

In addition to this, a special symposium to consider the problems of racial minorities was inaugurated into the group's program at the first session. This, at the request of a Negro delegate from Howard university.

Outside of the meetings of the Congress, the delegates acted against any business establishment that discriminated against Negro delegates, the white members of the group to which the Negroes belonged lodging their protests in a body.

The restaurants refusing to serve Negroes were boycotted and picketed. The Pennsylvania delegation, 50 strong, called on the manager of one of the largest hotels in Detroit, the Fort Wayne, and managed to obtain equal accommodations for its Negro members.

The Congress, further, went on record as opposing Italian aggression in Ethiopia, as standing by the Scotsboro boys until they are freed, and as opposing imperialistic intervention in Cuba.

Ending war is a slow business. First you must develop a race of people with no desire to boss one another.

But how offended we shall be when Jap ships and planes maneuver on our side of the Pacific.

Musical numbers were also given by the Trinity Trio, Chicago, and Active ballplayers were John Rich, John Barnes.

ardson, George Smith, Frank Harley, William Bimbley, Hayes Carle and Harry Tracey.

Ministers of the churches were honorary pallbearers.

The Rev. G. W. Ward came to Indianapolis in 1907 as pastor of Mt. Zion Baptist church, Under Blvd., a new church building was erected at its present location and all indebtedness wiped out.

In 1925 he accepted pastorate of the Mt. Hope Baptist church, Denver, Colo., where he also erected a large new church building, paying off all indebtedness in five years.

He returned here in 1930 as pastor of the Antioch Baptist church where he died suddenly 12:30 a. m. Tuesday.

During his service here the Rev. Mr. Ward became known as a forceful and highly respected leader and was frequently consulted by civic, political and business leaders with regard to problems affecting colored citizens. He was a friend of the late President Theodore Roosevelt and a confidant of ex-mayor Charles W. Jewett and George V. Coffin.

During his life time he has held many offices in local, state and national religious, civic and charitable organizations.

Has New Ice Station

Mr. Sam Hunter who has been in the ice business for the past 35 years, now has charge of the Polar Ice Station at Tenth and Indiana Avenue. Mr. Hunter formerly worked for the Artificial Ice Company at their 42nd Street station, and during the six years that he was there he made and kept many friends. He wishes to let all his old friends know that he is open early and closes late, and awaits to serve them. Mr. Hunter is a member of the Central Lodge F. and A. M. Masonic Order. Let's give him some support and boost his fine record that he has maintained for those past 35 years in the ice business.

Eye Is Quicker Than Hand of Attacker

The eye was quicker than the hand last Saturday when Patrolman Murphy caught Virgil Harris, 21, attempting to conceal a knife during investigation of a charge of assault upon Miss Goldie Johnson, 25, 1426 Yandes street.

Miss Johnson said Harris had hit her in the mouth. While being searched by the officer he attempted to get the knife out of his possession by sticking it into the ground.

He was held on charges of assault and battery and carrying concealed weapons.

table organizations. Always a booster of every worthwhile community enterprise, the Rev. Mr. Ward during his period of service here was a continuous subscriber and supporter of the progressive policies of The Indianapolis Recorder.

Hundreds of persons were present at the fifth anniversary celebration of the pastorate of the Rev. G. W. Ward held at the Antioch Baptist church of which he was pastor, Monday night.

No more striking contrast to the genuineness and spontaneity of the feeling which he was feasted for his accomplishments could have been provided than the irrepressible outburst of sorrow that followed the announcement of his sudden death at the close of the reception.

K. L. Bailey, attorney, was toast master. His high position in the community was cited in laudatory addresses by J. F. Johnson and Attorney R. L. Brokenbush. More than \$100 in cash was given the pastor as a token of esteem of his members. Other special anniversary services had been held at the church Sunday.

NEED FUNDS FOR BRAVE CRIPPLE

Sponsors of the move to raise funds for the purchase of artificial limbs for little Alma Cleveland, a young girl, whose legs had to be amputated to save her life, have announced the collection of \$26.85 to date.

While they have expressed hearty thanks for those who contributed, an appeal is made for further contributions in order that brave little Alma may soon walk again in the only way now possible for her, and attend school this fall.

Cost of the limbs is many times more than the amount already collected.

Churches, pleasure and social clubs, other organizations and individuals wishing to help may send their contributions to Mrs. Thillie Bennett, Room 20, Marion County Court house.

JOHN MOSBEY

LAID IN LAST RESTING PLACE

Was An Indianapolis Police Officer More Than 28 Years

With a representative aggregation of former associate peace guardians in attendance, funeral services for John M. Mosbey, 1938 Yandes street, retired Indianapolis officer, who died Sunday morning at the Community hospital, 2116 Boulevard place, were held Wednesday afternoon at the New Bethel Baptist church, 1521 Martindale avenue, of which deceased was a member.

Mr. Mosbey, who retired from the force last December, had been a member of the Indianapolis police force for more than 28 years.

The former veteran police officer, who had been ill twelve weeks, would have been 64 years old on the next day following his death.

The Rev. George Baltimore, New Bethel Baptist assistant pastor, officiated at the services. An estimated crowd of over seven hundred including a large number of city pastors, attended the funeral.

City police headquarters were represented in the audience by Fred Simon, chief of detectives, Captain L. L. Johnson, of the traffic department, Detective Sergeant Harry Irich, police pension fund secretary, and Lieut. Eugene Shine, also of the traffic department.

David Richardson, police garage attendant, who for the past thirteen years has served as chauffeur for police cars at all funerals of colored members of the force, was at his usual post at the funeral.

High tribute was paid to Mr. Mosbey as having been a man, all during his life, of sterling qualities, a Christian of a true character, a gentleman of many staunch friends and a citizen of substantial progressive tendencies.

Hayes Wilson, life-long friend of Mr. Mosbey, rendered a eulogy, while a paper was read by a member of the Indianapolis police department.

Mr. Mosbey, who was born in Harrisburg, Ky., July 8, 1870, a son of Mr. and Mrs. Henry Mosbey, had been a resident of Indianapolis thirty-five years.

Survivors are the widow, Mrs. Nannie Mosbey; his father, two sisters, Mrs. Zela Scarber and Mrs. Marie Sanders, and two brothers, William Mosbey and Meredith Mosbey, the latter of Chicago.

Mr. Mosbey was actively interested in the affairs, both civic and religious of his east side community.

Burial was in Crown Hill cemetery. John A. Patton, funeral director, was in charge.

Decided to Plead Gets 1 to 10 Years

EVANSVILLE, Ind., July 12.—After he had decided to plead guilty Saturday to the theft of an automobile, Harry Crawford, 25 years old was sentenced to one to ten years at the Indiana state reformatory and was disfranchised for three years.

Crawford and Lloyd Heywood, 23, were charged with stealing the same automobile. Heywood who also pleaded guilty received the same sentence.

An affidavit charging Crawford with being an habitual criminal also was filed.

Many Schools Must Close, Says Bishop

JACKSONVILLE, Fla., July 12.—(ANP)—Bishop M. A. Tookes, the fighting Bishop of the A. M. E. church, disclosed last week:

"The church has too many schools, there are a large number of small schools that are merely existing that could merge with the larger schools which would aid the schools in putting over better programs. As it is, a large number of them cannot pay their teachers and just keep the current expenses of the church going. It is for this reason that I take the stand to say that it would help the cause of our race and church if the burden was lifted."

Bishop Tookes has stood for the thing he advocates by closing Turner college, one of the oldest church schools. After it was closed he saw to it that the teachers and students were placed in other schools where conditions were better.

"Hot Goods" Lands Five In Hot Water

"Hot goods" literally given away at ridiculously low prices by a nineteen-year-old "specialty" salesman have generated so much heat that their alleged purchasers now find themselves in hot water on charges of receiving stolen goods.

Henry Church, arrested on a charge of burglary, Tuesday, confessed to detectives to breaking into eleven Northside homes and selling articles of the loot to five other persons.

Those arrested on the stolen goods charge were: William Cyril, 24, 514 West Twenty-sixth street; Oscar Sullivan, 31, 334 West Twenty-sixth street; Pete Washington, 35, 2406 Northwestern avenue; Walter Dunn, 34, 749 West Twenty-fifth street and George Bacon, 24, 118 West Twenty-first street.

Much of the stolen articles, consisting of a variety of wearing apparel, jewelry and household articles were recovered by Detectives Bushong and Higgs who made the arrests.

RELEASED MAN

WANTED NOW IN DEATH QUIZ

FT. WAYNE, July 11.—Make up your minds, might be the thought, of Cortland Lacey, 24, who was detained by police twice in connection with the sudden death Tuesday of Mrs. Mary Clark, aged 40, at 1326 South Calhoun street. He was released each time and is now sought again.

Lacey, called police Tuesday, and told them that Mrs. Clark had fainted. The officers thought her dead, but took her to the Methodist Hospital. She was pronounced dead there. Lacey went with them and told Dr. Walter E. Kruse, white deputy coroner, that Mrs. Clark, with whom he had been living for two years, had been shot in the chest several years ago and that the bullet was never removed.

When she drank heavily, she was bothered by pain, he said. Lacey declared that Mrs. Clark was drunk Monday night and that Tuesday she suddenly swooned.

Dr. Kruse pronounced the death due to alcoholic poisoning and released Lacey.

Released Again
A man who gave his name as Brown and thought by police to be Lacey was arrested in Peru early today after he told police there that he had checked his wife to death in Port Wayne Tuesday.

He was freed after police here said he was not wanted. Officers here told Coroner Kruse of the incident and he asked that Brown be held. By that name, however, the Negro here have wired Logansport and Danville, Ill., police to be on the lookout for Brown, alias Lacey, who is thought to be on a freight train.

Mrs. Clark's body was taken to the Menaux Mortuary.

CONGRESSMAN SEEK TO DEPORT ALL FOREIGNERS

WASHINGTON—A nation-wide campaign for legislation to deport about 6,000,000 aliens as a partial solution to the unemployment problem was pressed by 155 organizations, estimated by Representative Dies to represent 5,000,000 people.

Plans to organize 10,000,000 native born and naturalized citizens for a drive to get Congressional action on the Dies deportation bill were reported by the Texas Democrat as he thumbed 50,000 letters and telegrams received in support of the measure.

The organization was to be called "The Americans," and would be formed in each State on a non-sectarian and non-partisan basis, he said.

"At least 150 Congressmen have pledged themselves in favor of the bill, which provides that no alien can hold a job in this country that can be filled by a citizen," Mr. Dies declared. "It is about the same legislation as the alien deportation laws enforced in England, France, Germany and Italy to reduce unemployment."

If there were no aliens in this country we would not have an unemployment problem."

Mr. Dies asserted that there were about 16,500,000 foreign born in this country, "more than 7,000,000 of whom have not been naturalized."

Saying his bill, pending before the House Immigration Committee, was on a "reciprocal basis," Mr. Dies explained that "we would let as many French aliens work in this country as France lets American citizens work in France."

His measure had been urged upon President Roosevelt by "many leading citizens," the Representative added. In outlining it, he said: "First, it bars all immigration of pioneer immigrants, who do not have relatives in this country."

"Second, it makes mandatory deportation of 3,500,000 aliens for illegal entry."

"Third, it gives about 4,000,000 aliens legally in this country twelve months in which to become citizens, or go home."

"Fourth, all aliens must secure Labor Department permits to work, and permits would be issued only when employers show they cannot find United States citizens."

"Fifth, it provides for gradual removal of families not likely to become public charges when the economic situation is improved."

to do the job.

Minister Out

GARY, Ind., July 6.—Charged with immunities and immoral conduct with women and girls, Rev. C. O. Green was discharged of his duties as pastor of the Community church here located at 25th and Madison.

"For over a year the board has had the Rev. Green under suspicion and at one time he was saved from arrest and embarrassment when he, it is said, became the father of a baby by one of the Sunday school teachers."

Recent whisperings and widespread gossip of his social relations in the community led to the discharge without recommendation. A new minister is being sought by the board to take over the pulpit. This time they seek a married minister of good morals and standing.

The church is petitioning the general council for the assignment of the assistant pastor of the Baltimore congregation, but it is not known yet whether the attempt was successful.

FORMER CITY GL—CHICAGO, July 6.—Henry Lyles, a former resident of Indianapolis, died here at the Provident hospital recently, after a prolonged illness of several months. He was the son of Mr. and Mrs. Osborn Lyons, former residents.

Mr. and Mrs. Scott, who were married June 1, 1932 in this city became affiliated with the church just one year before they were man and wife.

Mrs. Scott, who was born in Hamilton county, April 15, 1863, came to Noblesville in 1881. Incidentally Mr. Scott also came to this city from his county home in the same year.

Both man and wife are staunch members of the Bethel A. M. E. church of many years standing.

Two children which were born to the union died in infancy.

The Scotts long have been recognized by all those who know them as one of Noblesville's happiest married couples.

"The Discovery Of Ivoryland"

THE DISCOVERY OF IVORY ---

(Continued from last week)

On the way to the mountain, Octave stopped at his Aunt's house to say "hello and goodbye" to his Aunt Louise. He had just finished baking a cake and cut off a piece for the little explorer. It was quite a little journey to the mountain but OCTAVE kept on going at an ever steady pace and when he finally reached the foot of the mountain it was getting dark so OCTAVE decided to pitch his tent and camp for the night. When he had finished setting up his tent and stove it was really dark so he lighted his lantern and with his big flash light he went into the woods and gathered some wood to make a fire and get his supper. He had some eggs, fried potatoes, bread and jam and for dessert he ate the piece of chocolate that his Aunt Louise gave him.

The next morning just as the sun was peeping over the hill Octave awoke. He went to the brook, had a good wash and then caught three small trout in the stream. The fish and some bread and jam was all OCTAVE wanted for breakfast because he was anxious to get to the top of the mountain. When his meal was over he took some water and threw it over the fire to be sure it was completely out to prevent a forest fire. When the place he had camped was all nicely cleaned up OCTAVE started for the mountain top and the white spot.

It was nearly noon when OCTAVE reached the top of the mountain and he soon found the white spot but on examination he noticed the spot was sort of yellowish in color and it put him in mind of the tusks on an elephant that he had seen at the circus. He was told they were Ivory, so OCTAVE called his new discovery IVORYLAND. He then thought to himself, "I know what I will do. I'll go in the real estate business like my Daddy and divide IVORYLAND in lots and sell them."

As OCTAVE roamed around the land he noticed that there were no trees or even bushes on the property and that it looked like a desert in Arizona. He spied a rock at the end of the spot and decided that he would get on the shady side of the rock and have his lunch. After finishing his little meal he took out a piece of paper and a pencil and began making a map of IVORYLAND.

First, he made an oblong 8 inches long and four inches wide then he took his ruler and placed a DOT every inch on the TOP line and a DOT every inch on the bottom line. He then climbed up on the rock and noticed five holes right in the center of his land. These holes were made by animals as a sort of resting place or a bed, so OCTAVE placed a dot about one inch OVER the 1st., 2nd., 4th., 5th., and 6th. DOTS on the bottom line. OCTAVE then remembered that real estate men had numbers on their lots so he decided his map should have them. He placed the figure 1 on the bottom line between the first DOT on the bottom line and the LEFT end of the map and then between each other DOT, on the bottom line he placed the figures 2, 3, 4, 5, 6, 7, 8. When OCTAVE had completed his map it appeared like figure 1.

As OCTAVE looked at his map he was very well pleased. He pitched his tent right alongside the rock and it was quite early when he went to bed because his trip had tired him out quite a lot.

Maxie Miller's Love Answers

Flaming Youth—A Stubborn Adolescent—A Worried Father—Father Right—Smoking, Coarse Slang and Late Hours All Wring—Ee Tactful, Father—Rashness Means Ruin.

Maxie Miller: I am a father. Maybe you'll say I am of the old school. But I think I am right. I object to my daughter's conduct. She uses the coarsest kind of slang, smokes in public and stays out late at night. She is only 18 years old and she laughs and tells me I am behind the time. What do you think about it? Are you a modern? If you are I'll get little comfort from you. But I am risking it—Worried Father.

Worried Father: Here's a surprise for you. I agree with you. I am modern in some things, but I consider it unwise in injurious to smoke. I condemn "coarse slang" as out of good taste, and I condemn late hours if you mean after midnight. But you are dealing with the most difficult creature in the world—an adolescent girl; so be tactful in your methods. Let us hope that this girl will come to her senses.—Maxie Miller.

First Things First

SERIES SUBJECT —

THE GREAT REDEMPTION

By REV. J. T. HIGBBAUGH

Pastor of Good Samaritan Baptist Church, Indianapolis, Indiana.

Matt. 6:33

The average person looks at life and grimly wonders, "What are the real values in life? Among the many things what is the real first thing?" Send him to New York's Broadway or California's Hollywood and they will tell you clothes. Let him drop in at Wall street and they will tell him its money. Whiz him by taxies out to Columbia University, and they will tell him you are my boy the real first thing of life. There really goes the whole of our American Youth, waveringly seeking the worth while things of the day.

And that is exactly what Jesus said would and was happening.

"Yes" he says, "You are trying to serve two masters God and Mammon depositing your life energies in two directions earth and heaven and then you are worrying your feeble selves to death over food, clothes and shelter."

Poor fools are we. Loosing our paltry savings in crumbling banks slaves of a ticker tape and finally going to our early graves over the worry about these things. Look at my flower garden see it grow unpurposed by itself. Watch the sparrow and air fowls who have no art of plumage nor particular eye for artists taste but Solomon never had a wardrobe more gorgeous. You and I are worth much more being children of God than any of these.

Look what he implies here that the Kingdom of God has already set in here on earth. Already the great heaven by reign has begun but must seek it. Keep your eyes open and you will see it. Again he says already his justice and righteousness has been set up right in you. Search your own heart for it. And these things food, shelter, and clothes shall naturally come your way.

"Dare I believe such" you say "Dare he say such challenging words Dare I believe it. For this is the very heart of the whole Christian adventure to be only wise enough to learn what he says and fools enough to attempt it."

Unrequited Love. In the case of Mrs. Alice Cook, 24, 537 West Vermont street, chose a method not generally used by lovers in their attempts to regain the favor of the object of their affections.

Police found the demure Miss Cook early Sunday with a long deep cut on her left arm. A stream of questions followed her first explanation that while ransacking in her purse she had cut her arm on a razor blade.

Her front battered by persistent inquiries by the officers, the crestfallen young woman finally admitted she had inflicted the injury in the hope that her husband would not make good his threat to leave her and go to Milwaukee.

She was treated at the City hospital. She says she is still not sure her husband will remain.

MUST HAVE HIS COTTON

CHARLOTTE N. C., July 12—(ANP)—Jim Massey, who came here from Lancaster, S. C., could not return to the rows of cotton that he loved so well and was accustomed to seeing grow and blossom forth so he remedied the situation by planting seven rows of cotton in his front yard. After his work every afternoon he can be seen cultivating his crop much to his own enjoyment and the interest of his neighbors. "I just can't get along without raising cotton," Massey told an inquisitive neighbor.

Invites All to Hear Truth of God's Word

Indianapolis citizens are cordially invited by Evangelist, J. H. Laurence, to visit his big "Present Truth" tent, 21st and North-western avenue, that is, if they want to spend their summer evenings "in a cool place".

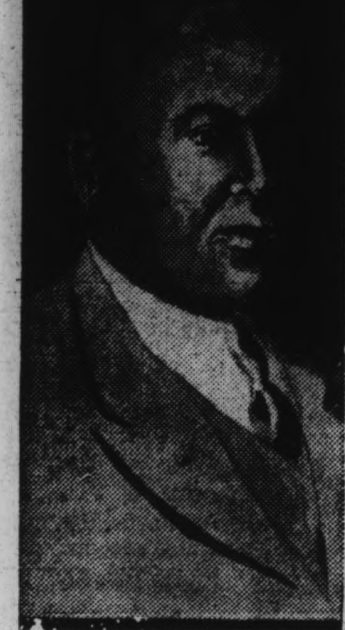

The evangelist and his associate workers are planning to furnish the public with a program of high class music, coupled with "the simple teachings of the plain truth of God's word."

Big words have their use. It depends on whether your purpose is to enjoy hearing yourself or to make yourself understood.

When A Pot of Gold Awaits You
In the Huge, Compact, Easily Reached and Little Exploited NEGRO MARKET

FEW advertisers, far too few, but among them many of the wisest and shrewdest, realize the tremendous and steadily mounting purchasing power of the American Negro. Others erroneously visualize him as a negligible, illiterate, unimportant consumer. It's time for truths and facts about this great but inadequately exploited market which can be reached only through the NEGRO PRESS.

TREMENDOUS PURCHASING POWER

"A TWO BILLION DOLLAR NEGRO MARKET"—says the United States Department of Commerce. (Photostatic copy of this government report available upon request.) But just how big is \$2,000,000,000.00? In money value it is equivalent to 95.5% of the combined total United States Exports to all countries in the world. It is larger by one-third of a billion than the entire imports of Germany, exceeds the total imports of France by one-half billion, tops the combined U. S. Exports to Argentina, Brazil, Chile, Mexico, Central America, the West Indies and Bermuda by nearly one and one-quarter billions and leaves the individual world imports of such countries, as Japan, Holland, Belgium, Italy, Canada and British India trailing anywhere from a billion and a quarter to a billion and one-half behind!

What is the character of this Market? It is a compact, segregated, easily reached, exceedingly receptive RACIAL GROUP, unified, homogeneous; bound by the common bond of Color and Racial interests. The typical Negro is American to the core and brought up in American traditions and buying habits, wanting what the white man has and getting it. Here is a young giant among the peoples of the world, with five

and one-half million of its sons and daughters gainfully employed right now.

Does the Negro Spend and What does he Buy? A Negro's pay-day releases a flood of dollars immediately. He pays cash. In proportion to his earnings he buys goods of better quality than the white man. Yet the Negro also saves. Over 7.5% of his income is devoted to life insurance and similar cashable investments. A slave less than 70 years ago he is now an able citizen, owning 700,000 farms selling \$664,000,000.00 worth of crops, and selling \$101,000,000.00 worth of goods at retail to his fellow

Negroes. His story is one of advancement only we in the United States can understand or believe possible.

What does the Negro read? He is 100% Negro in mentality and feeling. White media are not for him and are often belligerently against him. Their influence upon him is almost negligible. But he does read and believe and act upon the contents of the newspapers owned, written and edited by and for his Race. Consistently he pays more for his newspaper than does the white man—from 5c to 10c per copy, an evidence of true reader interest not duplicated in

The Negro Market Can Be Reached Through One Organization

For the past 16 years, the W. B. ZIFF CO. has enjoyed international recognition for its services in connection with the Negro Field. Thus, one transaction, one contact, one responsibility serves to facilitate the placing and handling of your advertising campaign in the Negro Press. Today, a powerful, influential Negro newspaper with A.B.C. circulation (strongly recommended by the Ziff Co. and advertisers alike)—is at your service in any one of a number of key metropolitan centers. Of the 300 publications in this field there are many which fully live up to your most exacting requirements whether they be A.B.C. circulation . . . 100% coverage . . . low milline rates . . . merchandising cooperation, or . . . dealer influence. Through the ZIFF organization any interested advertiser can quickly summon a wealth of material on proper media, market conditions, racial characteristics, etc. A letter or phone call will bring you a thorough, exact statement as to the possibilities of YOUR PARTICULAR PRODUCT in the Negro Field. No obligation, of course, just address the W. B. Ziff Co.

this or any other country. And these newspapers are National in Character, not the organs of political groups, not confined to petty local issues but devoted to the interests and news of the Negro Race. To an almost unbelievable extent the Negro saves and rereads his newspaper and passes it on to other readers. As an Advertising medium it approaches a magazine in productiveness—brings in inquiries, influences or creates sales, weeks and months after its date of issue.

ETHIOPIA AGAIN DEMANDS
LEAGUE ACT TO END DISPUTE

ADDIS ABABA, July 11.—(Spe-
cial)—Immediate convocation of
the council of the League of Na-
tions was again demanded by
Ethiopia, the foreign ministry an-
nounced today.

Their country is said to be still
persisting in a peaceful solution
of her dispute with Italy.

Failure to agree in the Italian
Ethiopian conciliation commission
meeting at Scheveningen, the Neth-
erlands, did not surprise Ethiopian
government circles, the announce-
ment said.

The foreign minister addressed
letters to the representatives of a
number of European nations pro-
testing against the refusal of cer-
tain European arms factories to de-
liver to Ethiopia war material
which is necessary for the de-
fense of integrity and independ-
ence.

ROME, July 10.—Italy advanced
to 120,000 today its roster of troops
designed to drive for an "inexor-
able victory" over the empire of
Ethiopia.

Authorities sources said Pre-
mier Benito Mussolini's first com-
mand, with the breakup of the
Italo-Ethiopian conciliation com-
mission, will create two new troop
divisions for action in East Africa.
Non-commissioned officers and
specialist soldiers of the military
classes of 1909 and 1910 already
hastened to colors in response to a
fresh official order.

Call Class of 1912
Another large contingent of spe-
cialists from the class of 1912 was

ordered to report July 20 for duty.
The famous warrior poet, Gabri-
elle d'Annunzio, wrote to Agostino
Lazzarotto, fascist federal secre-
tary who has volunteered for Afri-
can service:

"You are going to victory. It is
so inexorable—I wish to say fatal
to conquer and to win. The pic-
ture of the new greatness cannot
be completed without a real Ro-
man triumph against barbarity and
against an alliance of barbarism."

Plan 2 More Divisions

The noted author, whose es-
tablishment with Premier Mussolini
ended last year when Il Duce vis-
ited him at his villa, told his friend
Lazzarotto:

"I belong, you are, to the gen-
eration of Dogali and Adua (where
Ethiopians defeated Italians in
1887 and 1896). I still feel the tre-
mendous brand on my back; a brand
which should be canceled and
which Il Duce of the new Italy
will cancel without delay—against
everything and against everybody."
Thousands of eager blackshirts
prepared in advance for the orders
which Mussolini was expected to
issue soon for mobilization of the
two new divisions.

Teruzzi Will Command

Authoritative circles estimated
that the new troops would total
30,000 men—one division of regu-
lar soldiers and the other of black-
shirt members of the fascist party.
They would join the four divi-
sions of regular army troops and
four divisions of blackshirts al-
ready sent to East Africa or de-
stined for service there, increasing
the estimate of total troops to
120,000. Reliable reports said the
blackshirt division would be com-
manded by Gen. Attilio Teruzzi,
chief of staff of the fascist militia.

Official circles said that among
the many massing for action would
be Il Duce's sons Vittorio, age 19,
and Bruno, age 17. Both have vol-
unteered for African service, and
officials said they would report for
duty at the Foggia military school
within a few days to obtain com-
missions in the regular army.

Not Ready for War

Aviation circles said Italy's fight-
ing craft were to be kept ready
for any eventuality, and that 100
Cyclone engines have been ordered
for the mercantile air force.

A government spokesman indi-
cated that the Italian delegates to
the commission that sought to re-
concile differences with Ethiopia
would return soon to Rome.

He placed the blame for the in-
definite suspension of sessions in
the Netherlands by the Ethiopian
representatives to take up the ques-
tion of boundary delimitation.

The spokesman declined to dis-
cuss any possibility of an immedi-
ate ultimatum to Addis Ababa, but
authoritative circles said the ad-
journing of the commission meet-
ings did not mean immediate hos-
tilities in Africa.

He pointed out that the East
African rainy season does not end
until September, that roads still
have yet to be completed.

ADDIS ABABA, July 12.—Ethi-
opia's answer today to Mussolini's
virtual declaration of war speech
at Salerno, was a call to arms by
Emperor Haile Selassie to the Ethio-
pian people to be ready at all
costs to defend their independence.

Mountain trails were alive with
marching men hurrying to rally-
ing centers. Small chieftains
gathered their followers in groups
of from 50 to 500 at given points.
Armed with all manner of wea-
pons there fighters of Ethiopia
gathered to fight to the death to
keep Italian fascism from plunder-
ing their country.

Warriors headed rations and
arms on their donkeys, strapped
curved swords to their sides, and
quickly marched to the points of
concentration.

CASH PRIZES FOR YOUR BEST LETTER
OR ESSAY IN HOUSEHOLD ECONOMICS

Realizing that during these
days of many greatly reduced
incomes and the problem that
confronts all housewives of
figuring out ways and means
of making ends meet on such
reduced incomes we are pre-
sents herein a plan for ex-
changing ideas and informa-
tion which we hope may be of
interest and some assistance in
helping ALL housewives to
solve some of the problems—
especially as to one particular
household necessity—FOODS.

All housewives are invited to
take a part in this PLAN
which we shall call a CON-
TEST IN HOUSEHOLD ECO-
NOMICS. Do not hesitate to
send in your letter or essay
because you have not taken a
school course in this subject.

It is not difficult. It requires
no special training or diploma
from school for you to take a
part. You may have just the
idea or plan on the various
subjects which we shall sug-
gest from week to week that

will mean a savings of \$50.00
to \$100.00 per year to some
other housewife! At the end
of the year—say Christmas—
this will furnish Santa Claus
for the entire family or it may
pay for that vacation trip you
have been planning to take or
a countless number of other
things that you need. Likewise
other housewives can give you
some little hint along these
lines that will mean a big sav-
ings in FOOD costs per week
or it may increase some two
meals per day into three meals
per day! Get out your pen and
paper now! Look around,
think then write your ideas
out. End each letter or essay
with the directions of HOW
you use left-overs in the
FORM of a RECIPE! A little
time, ink, paper, and two cent
stamp may bring you A
BRAND NEW ONE DOLLAR
BILL besides a wealth of in-
formation on SAVING in your
FOOD EXPENSES!

Married

Says War Strategy
May Defeat Italy

Mrs. Winston Mitchell Tyler, the
former Miss Selphina Gregory,
daughter of a prominent and
well-to-do Virginia family, whose
marriage was announced this
week.

All Ethiopia swarmed with these
small but effective armed bands
who will meet Italian fascism with
withering ambushes at every
turn and cranny.

In Addis Ababa, the modern
army, paraded in khaki clothing
resembling uniforms of the armies
of European countries.

Ethiopia Mobilizes 800,000
It is estimated that more than
800,000 men are being mobilized
throughout Ethiopia to meet the
300,000 that Mussolini expects to
mass in the two Italian border col-
onies before the outbreak of hos-
tilities.

The Ethiopians are well armed,
having over 1,000 machine guns
and hundreds of thousands of ri-
fles, as well as field artillery, anti-
aircraft guns, hand grenades,
wireless equipment and other mod-
ern weapons of warfare.

War Council Speeds Troops
ROME, July 12.—With Musso-
lini's virtual declaration of war
against Ethiopia echoing through-
out Italy, the War Council here
today speeded up the concentra-
tion of troops and shipment of
soldiers to Eritrea and Italian So-
maliland.

Predictions of the date of war
vary from a few weeks to 60 days.
The munitions factories are run-
ning night and day pouring out
war supplies. British observers
here claim that Mussolini will be
able to mass 1,000 war planes in
now being concentrated at the bor-
der of Eritrea beyond Adi Ubi and
Adi Kale for attack against Ado-
wa, where the Italian forces were
cut to bits when they tried a simi-
lar attack in 1896.

The aim of Mussolini here is to
encourage the Italian forces by
capturing this city where the
Italian forces suffered such a re-
sounding defeat nearly 40 years
ago.

Americanism: Millions of acres of
idle land; slum districts with one
acre of playground for each 5000
children.

A Ph. D. doesn't mean you are
smart. It means you wrote a book
that happened to match the bias of
a professor.

"On the other side the communi-
cation of the Southern Italian army
which has occupied Addis from
Somaliland will become unbelieve-
ably difficult to maintain for
France will have removed her roll-
ing stock from the Franco-Ethio-
pian railways in deference to a
clause in its statutes which makes
it over to Ethiopia's possession of
foreign troops move upon it.

"Unless all the Italian air force
is used for supply—and even then
it will not be enough for the Italian
land force—Abyssinia—mounted
riflemen in guerrilla warfare will
be able to starve them out from
the south.

"Under wise direction the North-
ern Abyssinian forces could pursue
the Italians into the mountain zone
from Eritrea, tangle them in small
bodies, then slaughter them piece-
meal as the Russians handled the
French during the great retreat
from Moscow.

"Eventual victory remains with
the Ethiopian if he remembers one
lesson—never to mass against me-
chanized forces when he is within
air range. If the Ethiopian forces
scatter and retain their mobility
there is no reason why they should
not wear down Italy.

Getting rich isn't difficult. You
just promise impossible profits and
let nature take its course.

MUNCIE TRIPLETS TWO MONTHS ON TENTH, FAMILY NEEDS HELP FROM MANY FRIENDS IN STATE

BABIES GAIN WEIGHT RAPIDLY UNDER EXPERT CARE OF MOTHER; TRIPLETS IN FAMILY YEARS AGO

MUNCIE, Indiana, July 13.—Special—Durs, circumstances, five children, three of them triplets, are among the problems of a husband and father who has very little income. William Holland, 1101 East Jackson street is putting up a courageous battle to meet his problems as an employee of the Goodrich Tire and Rubber Co., where he has been employed for three years, but hardly makes enough to support his big family.

Triplets Two Months Old On May tenth three daughters were born to Mr. and Mrs. Holland. At the time of their birth they attracted nation wide attention. The babies were named Jean, Joan, and June by Mrs. Bunch, wife of the Mayor of Muncie after Mrs. Franklin R. Roosevelt left the naming of the triplets to the mother.

Their weights at the time of birth were: No. 1, five pounds; No. 2, five pounds, and No. 3, six pounds. Their physician, Dr. Brady, has been checking their health progress regularly and reports the babies steadily gaining.

Syrup in Diet

Their steady climb is attributed to the care the mother has given them from the time of birth. They feed the triplets on canned milk (one can), a pint of boiled water and six or seven tablespoons of syrup, and a quart of the mixture is used daily, in addition to the feedings furnished by the mother. They sleep most of the day and are usually awake during the night. "Papa" Holland realizes what "Mama" Holland has to put up with when the three little girls decide to exercise their lungs in concert at night.

Help Needed

In an interview with the husband he stated: "We are poor people and can't do very much for ourselves." Mr. Holland said, "We should have a little help. Our own people have helped us more than anybody else."

The family would welcome any outside aid at their above address. The father went on, "So we were praying to God to let us raise our little girls, and maybe He will answer our prayer—and you all pray with us."

Born Down State

There are two other children in the family the father went on; William Edward, our boy, is six years old, and Margie Marie, our oldest child, is eight.

"I was born at Grandview, Ind., in Spencer County. We moved to Lewisport, Ky., when I was 12 years old. That's in Hancock County."

Other Family Triplets — "There were triplets in my family forty-two years ago — three boys. Two died at birth, also the mother. She was the wife of my mother's brother. The boy that lived was the smallest. He weighed only one pound, the two that passed away weighed one and a half pounds each."

"My mother's father, two sisters and one brother besides myself are still living. They reside at Hawesville, Ky."

Wife One of Nine

"My wife, Mattie Lou McKelley, was born in Tell City, Ind., in Perry County. Her mother was the mother of nine children, four living, five gone. Her mother is also dead; father still lives."

Democrat Club Host To Orphan Children

The Marion County Democratic Women's club was host at a picnic given July 1st for the children at the colored Orphan Home, 25th and Keystone avenue.

Cake, ice cream, flags, toys and caps were given to the children.

OUR APPROACHING ECONOMIC DEATH

Best thinking Negroes are credited with giving some weighty thought to the fact that the race is faced with increasingly treacherous economic problems in Indianapolis.

It is time that our people begin to wake up to this growing menace to their welfare.

We are conscious of the sinister pressure being brought to bear in local circles to shut off from the Negro all economic and industrial opportunities in this city of ours; organized plans to render it tremendously difficult if not totally impossible, for members of our group in Indianapolis to earn a decent living.

The race is being denied less and less chances to earn its daily bread everywhere.

Places formerly held by Negroes in shops, stores, banks and in numerous industries throughout the nation are now filled in every known case by the other fellow's kind.

Even on federal work finding projects the colored citizen is being given the rawest of deals. We know that.

It's a damned shame isn't it? Of course it is, and every one knows it.

As a result of this spreading system of organized discrimination, ostracization and Jim Crowism calculated to bring about virtual enslavement of the race, we are faced with a situation that can only terminate with the Negro's total economic destruction.

This is revealed in the circumstance that gone seemingly forever is the day when members of our group who wanted to work experienced comparatively no difficulty in obtaining jobs.

The question now is, not what can we do about all this, but what must we do now, not tomorrow, to save the race from its approaching economic death?

Will you please tell us, Mr. Leading Negro?

THE RESURRECTING KU KLUX KLAN

Now comes authentic information to the effect that the supposedly dead Ku Klux monster is very much alive.

The 100 per centers reportedly are formulating plans for a comeback as of the days of yore.

The nation must tolerate more of iniquitous activities on the part of this organization of enemies of justice, fair play and righteousness.

Another attempt, we are told, is to be made by members of this parasitic outfit to stage another nation-wide campaign against the Negro's inalienable right to participate in the political affairs of his country.

There will be more of disseminated propaganda seeking to deny our people of their outrageously limited but hard-earned measure of representation in our government.

It is natural to expect that another attempt will be made by the Klansmen to seize the reins of government at Washington.

They were bold enough to try this before; they are bold enough to try it again during the fanfare of the coming presidential election.

After ten years of enforced lethargy and apparent death, branches of the order are reportedly being reorganized everywhere.

The resurrecting K. K. K. platform calls for relief to unemployed, restoration of those who have drifted from the constitution and perpetuation of Americanism and combating radicalism.

If ever there was a huge paradox this is one.

But when, may we ask, did this organization of traditional Negro haters, ever qualify to "combat radicalism"?

It never has and never will.

LEWD LITERATURE NUISANCE

The campaign launched by Herbert M. Spencer, prosecutor, to put a stop to the sale in Marion county of objectionable magazines is as timely as it is highly commendable.

Decent citizens of this community are unanimous in the conviction that the movement is a long-felt need.

That the sale of this type of literature in Indianapolis should have been discouraged long ago is equally true.

The public is mindful of the demoralizing effect such magazines have upon the minds of their readers in Marion county.

We know it to be a fact that many a boy's life has been blasted by crimes committed after devouring the contents of such publications with their indecent pictures.

Unscrupulous vendors are never particular to whom they sell these books. It is always a case of first come, first served, boy or girl.

All of which is indeed very serious. It is

a situation that calls for the strong arm of the law to stop the sale in Indianapolis of lewd literature.

There is a law in Indiana against this indecent practice. It should be rigidly enforced for the good of the community.

HELPFUL GOVERNMENT HOUSING PLAN

Objectives of the national housing act are among the most substantially progressive ideas advanced by the New Dealers.

For this very good reason the federal housing administration is anxious to create a much wider public interest in this government proposition.

For the purpose of acquainting the public with features of the plan, the administration has had circulars distributed throughout Indianapolis by mail carriers.

Loans for such work as is approved will be made by local financial institutions; a list of which was announced in the circulars.

That loans up to \$2,000 may be obtained and repaid by the borrowers in monthly installments should be a matter of major concern to property owners in need of money with which to improve their property.

To reach \$100 borrowed the lender is authorized to charge \$5. The latter, which is deducted in advance involves interest, fees and other charges.

It is pointed out among other things, that loans may be made for decorating, painting or repairing any part of a house, building a new garage or an extra room.

It must be understood, however, that no loans will be made by the government.

The plan, we understand, is calculated to make for closer co-operation between house owners who are in need of funds to improve their property and money-lending institutions.

The act is sound and colored property owners in Indianapolis should take advantage of the plan.

INDIANA BEAUTY CULTURE LAW

It will be a violation of the law after August 1 to operate beauty shops in Indiana unless they are licensed by the state board of beauty culturist examiners.

Also, unless licensed as a student or operator of such a business place, it will be unlawful for any one to work in these beauty shops.

Persons whose occupation is affected by the beauty shop law are urged to study its provisions with a view to taking the necessary steps to comply with the statute.

Purpose of the beauty culture statute, which was born of the 1933 legislature, is "to prevent the spreading of diseases, and improve the general health of the public by promoting sanitary conditions in beauty culture shops and beauty culture schools and in the practice of beauty culture."

As defined by the act, beauty culture includes manipulating, cleansing, massaging, exercising or beautifying or applying oils, creams, lotions, antiseptics, or clays by hand or by mechanical or electrical appliances, and commercial service to "style dress curl, wave, permanent wave, cleanse, singe, bleach, dye, tint, color or similarly treat the hair of any person."

Arching eyebrows, according to the statute, is classed as a beauty treatment. All eyebrow archers must be licensed, while hair cutting, the law says, is to be limited to operations essentially associated with permanent waving.

MUSSOLINI'S CUT-THROAT LEGIONS

A London press dispatch contained news of a battle between Italian and Abyssinian forces on the Eritrean border.

Heavy losses assertedly were sustained on both sides.

Thus, open hostilities between Ethiopia and arrogant Fascism are perilously near the starting point.

Meanwhile, a war weary world looks on while Mussolini spits in the faces of international advocates of peace; masses his legions of cut-throat followers for Il Duce's treacherously conceived campaign of blood, thievery and pillage on the sovereign soil of Abyssinia.

The Fascist chief knows he is flirting with grave world potentialities in his attempt at effectuating his cowardly designs in Ethiopia.

Like a hopeless mad man, this human thorn in the side of organized society scoffs at the risk of precipitating another such dreadful world conflagration as was started in 1914.

But fortunately for civilization Great Italian ambitions in the African kingdom: Britain is reportedly determined "to curb take the lead in a concerted blockade capable of preventing Italy from robbing Abyssinia of her independence and natural wealth."

And Emperor Haile Salassie's statement that Ethiopia does not want war but that his country will accomplish its duty "in the event of such a conflict" is reflective of an undaunted spirit.

It savors of the deadly defiance with which Abyssinia's patriotic warrior millions are prepared to defend their homeland to the last man against the ravages of exploiting Italian murderers.

Mussolini is to discover that Ethiopia is too hellish a shot on which to re-enact the mighty performances of the Caesars of ancient Rome.

For it is plain to be seen that another fatal Adowa awaits this presumptuous disturbance of world peace in east Africa.

CRUISING ROUND

By LEE J. MARTIN

THE FEDERAL GOVERNMENT is about to start its 4 billion dollar rolling over mountains and valleys, over hills and plains, over rivers and creeks, over city streets and country highways. Like a farmer sowing his seed, we can see our national benefactor sowing the dollars of recovery, we hope they will yield a bumper crop. Let us see to it that this crop is well tended, it may be the last of such crops.

IT IS INTERESTING to read of the different projects which the federal money will be spent. Repairing of books, improvement of city dumps, cleaning debris after a fire, painting light poles. At Geneva we are spending \$7,085 for tearing down a building, when all that would be necessary would be to put a sign on it reading "Tear this building down" and it would be gone in a day. The vast extent of sidewalk construction will make walking easy in every town and hamlet and I hope this will include Columbia avenue, 13th to 16th streets, and West Michigan from West to Blackford streets as well as many other sidewalks that were.

THE QUARTERMASTER at Jeffersonville will use \$39,600 to redistribute his stock. Mr. Huey Long would redistribute wealth of this amount direct. It should not be necessary to transport any water to clean Lake Lake. The immensity of the ditch, sewer and log dam projects make it appear that Mr. Roosevelt intends to show Mr. Hoover the correct way to ditch, dam and drain the country. If some projects seem far-fetched, it is because the government is endeavoring to stay out of the field of private business.

"ETHIOPIA SHALL stretch forth her hand," Mussolini added and draw in a nub. The world knows that Mussolini finally decides to fight. Ethiopia will last about as long as a soap bubble. He could in a few weeks wipe this proud black kingdom from the face of the earth, but would the victory be worth the price. Mussolini (Italy) would acquire rich territory three times as large as Italy itself, would strengthen his hold on his countrymen, at the same time rid himself of a number of his surplus followers; on the other hand he would acquire the mistrust of the world, the everlasting hatred of half of its population and might inspire Africans for Africa. Although black Americans will sympathize with Ethiopia.

MR. VERNON ANDERSON has finally been given an appointment more suitable to his character, and the one that has long been needed. Too many criminals within and against our group have gone unpunished or have gotten off light due to lack of evidence.

THE SUDDEN DEATH of Rev. Wm. G. Ward, pastor of Antioch Baptist church, removes from the pulpit of the city one of its most colorful pastors. His passing is mourned by hundreds of his followers and admirers.

YOUR HEALTH

More than 75 years ago a famous French doctor observed that the type of sick headache called migraine is like certain cases of asthma and eczema, associated with sensitivity to certain food substances. More recently, since means have been found for testing out such sensitivities scientifically, this impression has been confirmed.

Moreover, it has been established that in some cases it is possible to free a person from these headaches by finding the substance to which he is sensitive and eliminating that substance from the diet. Of course there are some cases of sick headache which are not definitely of this type but which may be related to nervous disturbances or to disturbances of various organs within the body.

As a rule, when the headache is due to a sensitivity, the pain begins in or near one eye and spreads over one side of the head. Occasionally it passes around to the back of the head.

The beginning of the headache may be associated with confusion and forgetfulness, with sweating or flushing of the tissues, with a feeling of numbness in the tongue, the lips, or the nose. Occasionally also there may be a feeling of nausea, the eyelids may become puffy, and canker sores may break out in the mouth.

All these symptoms are known to be indications that a disturbance of the body is about to take place, and may be a warning to the patient that the sick headache is coming on.

However, there is hardly a single food to which some person cannot report himself sensitive.

It is interesting to realize that the individual's own observations as to the foods which cause him trouble are likely to be just as valuable as the skin tests which are made by the physician. In 50 per cent of cases, the skin test did not indicate, whereas the patient's own observation was able to select the food causing the trouble.

When a study is made of the foods that are most frequently responsible for sick headaches, we find the foods to be the same as those which most people report as being distressful. Those which lead the list are chocolate, onions, cabbage, cucumbers, apples, pork and melons.

E. PEACOCK AMAZES WORLD IN BEATING J. OWENS

PEACOCK STEALS 100 METER DASH SHOW FROM OWENS AND METCALFE IN NATIONAL A. A. U. CARNIVAL

(BULLETIN)

Peacock Repeats Feat

CRYSTAL BEACH, Ont., July 11.—Special—Eulace Peacock, Temple University, again conquered the famous Jesse Owens, Ohio State in the New York police games here beating him to the tape in the 100 meter dash in 10.5 seconds. Cornelius Johnson was the other famous race entry in the games.

LINCOLN, Neb., July 13.—(ANP)

Not one, but four unbeatable Negro boys seized the spotlight here Thursday at the University of Nebraska's Lincoln Stadium and romped away with the most spectacular victories in the annual track and field meet of the Amateur Athletic Union.

The four heroes were Eulace Peacock, of Temple University; Ralph Metcalfe, of Marquette University; Jesse Owens, of Ohio University; and Cornelius Johnson, of Compton Junior College.

Sixteen thousand spectators, jovial and excited under a 100-degree sun, got their first good glimpse of the great eastern star, Eulace Peacock, of Temple University, Philadelphia. Peacock has been burning up the cinder paths in the east and toying with the rims of broad jump pits. But the names which have been published most have been those of Jesse Owens, the boy who broke three world records in one afternoon, and Ralph Metcalfe, last year's champion.

The great race Thursday afternoon was expected to come off between Owens and Metcalfe in the 100 meters. Since Owens lost to Metcalfe last year at the Milwaukee nationals, he had not been beaten in a print race. Metcalfe, out of practice this season, was only given an outside chance to flash to the tape ahead of Owens. But outside these two, no others were considered, despite the presence of Anderson, California flash, and Nougass, of Tulane. The white boys didn't have a chance. In the 100 meter dash, it was necessary for the starter to call the boys back three times before the starting gun was fired. They were all tearing at the leashes.

When the shot finally was heard, Peacock was off like a bullet, a step ahead of Metcalfe. The race was over almost with the drawing of a breath. Peacock held his lead over Metcalfe to finish first, with Metcalfe second and Owens third. The white boys in the race brought up the rear.

Peacock's time was 10.2 seconds, one-tenth of a second under the world mark, a record which will not be allowed because of the wind. Peacock ran the race in the same time in his preliminary heat to finish ahead of Owens.

Although Owens had been nearly shut out in the 100-meter event, it was confidently expected that he would come through in the broad jump. Owens jumped four times. His first leap was 25 feet 9 1/2 inches; the second, 25 feet 4 inches; but he fouled; the third, 25 feet, 11 7/8 inches, and the fourth, 26 feet, 1 1/4 inches, breaking the accepted world record of Nambu Chuhel, of Japan.

But the Peacock lad was undaunted. He strode by Owens on his way to take his own turn and taunted the Ohio flash with the encouraging comment, "Boy, you ain't seen no jumping yet!"

Peacock gathered up his steam as he streaked along the cinder path to the takeoff board, struck the takeoff squarely and fairly and leaped far out into space. Officials swarmed to the spot where his heel had touched. Peacock gathered himself up and joined them. Suddenly he leaped into the air as the announcer, Tom Canty, raised his microphone to his mouth and announced to the crowd that Peacock's jump was 26 feet 3 inches. The world's record was again beaten. Two of Uncle Sam's black boys had topped it.

Owens took his fifth jump with a mighty effort and cleared 26 feet 2 1/2 inches, topping the world mark twice in one day.

The third finisher in the broad jump was John Brooks, of the Chicago Parks distance, who leaped 25 feet 5 1/2 inches, which was a good mark when Brooks was in competition at the University of Chicago a few years ago. Once again the white boys were nosed out. One two, three in the 100 meters and one two, three in the broad jump. Owens, world record maker in three events, 220-yards, 220-yard low hurdles and broad jump, was shut out without a victory.

Metcalfe also featured in the record-breaking 400-meter relay, flashing by Anderson, of California, to cut the time down to 41.2 seconds. Third man on the Marquette relay team was Paul Phillips, of Omaha.

Cornelius Johnson, of Compton Junior College, proved that he is just about tops in the high jump when his mark of 5 feet 7 inches stood up. Second to him was George Spitz, of the New York Athletic Club.

Slaughter Falters Before Canadian

MONTREAL, Ont., July 11.—Special—Sammy "Kid" Slaughter, Terre Haute, Ind., was knocked out here by Florian Lebrasseur, also known as Al McCoy in the third round of their ten round bout.

Slaughter had spotted his man six pounds which seemed to make the going a bit tough for the former Indiana middleweight champion. Slaughter weighed 164 while the Canadian-Frenchman tipped the scales at 170.

SANITARY STOPS MANHATTAN A. C. TO WIN TENTH

Marion had the lead taken right from them in the fourth when the Indianapolis team drove over six runs to get into the picture then in the ninth they closed with a three run rally to end the game.

The A. C.'s made its best showing in the sixth with five runs, but weakened at the end after gaining fourteen hits while the winners had sixteen to their credit.

Harding, Dodson, and T. Williams were the mainstays for the winners while Weatherly held a steady hand for the losers at mound duty.

SMITH SPRINGS GOLF SURPRISE IN TOURNAMENT

ATLANTA, Ga., July 13.—Flash, a super game of golf after trailing Zeke Hartsfield and Howard Wheeler for the first eighteen holes John "Honey" Smith, one of Morris Brown College's immortal athletes who recently turned pro, swept through a brilliant array of nationally known golfers to annex the fourth annual Southern Open and Amateur Championship played here on the Lincoln Country club course.

Smith's brilliant scores of 69-66-68, totaling 203, were too much for Howard Wheeler, former Southern Open and National titleholder, who finished second with scores of 68-64-72-66 for a grand total of 270 for the thirty-six holes.

John Dendy, the defending champion, although shooting a sterling brand of golf, was unable to cope with the leaders and consequently dropped to fifth place with a grand total of 274 for the thirty-six hole grind.

James Minnifield, of LaGrange, Ga., was crowned dixie amateur king after he defeated Willie Cooke two up. Teddy Grimes, last year's champion did not enter the competition this year. Winners in other flights were:

Second flight, Nick Broughton who whipped Ben Farmer six up; third flight, A. F. Holmes; and the consolation flight which was won by P. D. Pond who eliminated Sidney DuBerry, three up. The winners in each division were awarded beautiful trophies.

Richmond Girls Drub Local Soft Ballers

Exceptionally brilliant pitching, fielding and batting by the Fairfield Coeds, proved too much for the Keystone Cubs Sunday at Richmond, Ind.

Obviously suffering from stage fright in their first appearance on a regulation baseball diamond, the Cubs lost a onesided soft ball exhibition game to last year's Richmond champions by a score of 21 to 3.

The local girls were champions of the Social Soft Ball league last year and have won every one of their ten exhibition games played this year.

Carl Banner, manager of the team, in commenting on the poor showing made by his hopefuls, said the girls were used to playing on diamonds of a 45 foot base, whereas the Richmond diamond was 60 feet.

Schedules of the regular Social league games are expected to get under way some time this month. Team managers seeking exhibition games with the Keystone may call William Williamson, Drexel 0144-R.

Southern Damsels In Tennis Meet

ATLANTA, Ga., July 13.—(Special)—A group of Atlanta women participated in the first annual women's championship here which were monopolized by Tuskegee players in all divisions except one, the doubles which were retained at home. The divisions of play were singles and doubles for seniors and juniors.

A's Drop Three Of Four Games On Road Trip Over Week-End

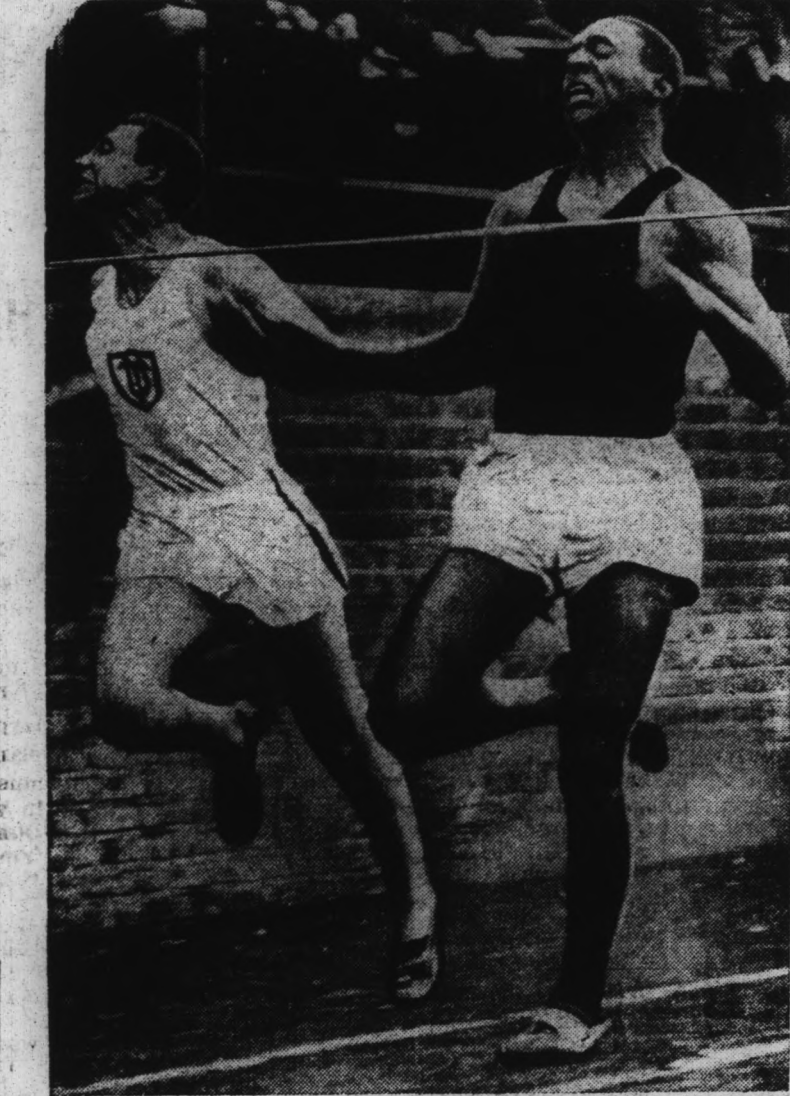

The Indianapolis A. B. C.'s lost three of four games played on the road last week-end; despite the fact that the team carried only nine men they made a very credible showing. They bowed in a double header to the St. Louis Metropolitans, 6-4 and 9-7. Then the "Hoosiers" moved over to Bellville, Ill., and dropped their third to Huffman's Stags, 11-8, and returned to winning form and beat Gatewood's Browns 9-8 at Moberly, Mo.

All of the games were very closely played by the local boys and they demonstrated that Indianapolis has one of the finest teams assembled from many local and out-of-town players in many years. The players who made up the team were: Baldwin, 2b; Lewis, 3b; McCauley, ss; Gill, former A. B. C. player nuder Jim Taylor, from Louisville, at 1b; Taylor, lf; Sargrave, cf; Fisher, p; Blackwell, lf; Lattimore, c-p; outfielder; Steele, p; Cockerham, c; and Hannibal, outfielder.

With the team moving at a faster clip, a better brand of ball than Indianapolis has ever witnessed by its own club is being played. They hope to play a return tilt with the famous Cuban Stars sometime this season. At the last of the teams the game ended in a 1-1, deadlock after a fifteen inning battle.

The A's will move over to Crawfordsville for their next game tomorrow and will return here for strenuous drills under manager Jack Hannibal in preparation for bigger teams which will be booked at Perry Stadium.

Owens' Latest Rival

Eulace Peacock, Temple University, may be seen as he drives into a finish when he runs the dashes. The photo above was caught in games at West Virginia. So far he has conquered Owens in two different meets this season.

Lincoln Aviators Lose Two Games

NEW ALBANY, Ind., July 13.—Again the Monde Cubs of Louisville, Ky., beat the local Lincoln Aviators this season winning this time 7-3 in a hard fought game last Sunday.

The game was not without the usual thrills: Renfro Aviators got the only home run while Brandy and C. Carter figured in the hitting. For the Monde Cubs, Snyder, Cowherd and H. Simpson led the batting.

On July 4th Bedford stopped the A's 12-3 after Love, star short stop fractured a bone in his ankle. His absence left a hole in the infield which was hard to fill.

Brewers Market, a local nine will be played here Sunday in the next game of the "Flyers."

Louis-Schmeling To Battle Sept. 18th

NEW YORK, July 13.—Definite plans are under way for the promoting of the Louis-Schmeling fight in New York on September 18 according to Mike Jacobs, promoter of the Twentieth Century Club here. It's all "fixed" lacking only the signature of Herr Schmeling, and that is certain, he stated.

It is estimated that this battle will draw a million dollars, the first since Dempsey and Tunney fought back in 1927. He figures at \$25.00 top to reach the goal.

There is little doubt that Louis might be upset by the "Kingfish" he stated and should that happen it would be the biggest reversal of form of the day, and that the "Kingfish" would be moved right into position for the battle to replace Louis.

Sanitary Beats Sterlings

In an Industrial League game at Douglas Park, the Sanitary Commission Left Wings stopped the Sterling Grays in their ninth game of the season. Strong Sterling Grays 12-3 to win. So far they are unbeaten in league play and look plenty tough.

FISH POLE MYSTERY—CHAP. II

Now folk it wouldn't be fair to leave your old pal the ace "Snooper" of the IPD out in the cold with an unsolved mystery on his part, so we shall place a little of the blame on the "Big Boss" of Indiana's greatest weekly.

Of course to Dr. Lewis goes the credit of solving the problem and naturally he is all happy in that he got his poles back for the 1935 season.

Now our friend, "George," will have to collect damages for lost poles if he plans to enter the fancy poles from the lakes this summer. His contention is that the heat really should have fallen jointly on he as well as the "Boss" and we agree to that.

LOUIS-LEVINSKY BUBBLES

The "Kingfish" Levinsky is a tough egg to crack by anybody; that has been proven by his long record even though Baer floored him in the second round of their bout in Chicago earlier in the season.

Joe Louis is not taking the matter lightly and knows that he will face a man of much experience when he climbs into the ring August 7 in Chicago.

His bout with the "Kingfish" will mean another hurdle in the way of a pugilistic climb, for a fighter is never through until he is finally finished by someone and Baer failed to finish him.

Like anything else, one might expect almost anything in the game, especially when the underdog is fighting for his life.

JESSE OWENS VS. PEACOCK BATTLE

It certainly looks like the collegiate track feud has switched to two figures now. The sophomore, Eulace Peacock, Temple University, and the junior, Jesse Owens, Ohio State University.

The entire nation was stunned at the second reversal of form of the young world record breaker, Owens, in the Ontario track meet. The first setback was attributed to worn and tired "Buckeye" star from a long 1935 collegiate grind.

But take into consideration the time and distance that the eastern flash has been making in dashes and jumps shows that both men, through a strenuous season, but the eastern star is just breaking into the limelight and that next year the whole picture will have in its foreground these two sterling performers.

OWENS FINALLY MARRIES

After being placed on the "spot" several times, and being confronted by various newspapers about his engagement to a Cleveland girl, Jesse Owens went to the altar with Miss Minnie Ruth Solomon, maid in a Cleveland beauty shop.

LOCAL TENNIS TOURNAMENT SEASON

Though at writing no definite word as to time of the two important tournaments this season, it is concluded that a rush meeting of club officials and players will result in the setting of dates for the city and state tournaments.

There are three important trophies in the state meet which will be the center of attraction of the players, the junior cup, for a new Champ; the women's trophy, which may be retired if the 1934 champion repeats, and the men's, which hangs in fire between the winners of the city and state crowns last year. We're looking forward to a big meet.

GOLF REACHES SEASON HEIGHTS

The "Scotch" game is not without the same heat of intensified tournament play since the national meet is not far away and the national women's champion is a local player, and that many of our locals plan to attend the meet in New York next month.

Official dates for the city and other tournaments will be announced by the Douglas club very soon.

JOE LOUIS WILL FIGHT LEVINSKY IN NEXT BATTLE

CHICAGO, July 11.—Joe Louis, Detroit challenger to the heavyweight title and King Levinsky, Chicago have signed to fight in Comiskey Park here August 7 in a ten round battle which is expected to draw a full house and \$375,000 gate according to the promoter Joe Foley.

There is quite a bit of speculation as to how Louis will stack up against the "Kingfish" since Baer K. O'd the old timer last December in the second of a six round exhibition here.

The "Kingfish" believes that he can stop Joe Louis; on the other hand preparations for the fight are moving speedily and the famous Detroit will no doubt enter the ring a heavy favorite to finish the "battling Kingfish" for good as far as fighting is concerned.

Neither opponent has started immediate preparations for their training facilities, but by the end of the week, all will be well under way.

LOCAL MAN WILL PRODUCE A FAST SHOW FOR 1935

Another Indianapolis man has launched upon the musical and stage horizon of the nation in the person of Elmer Crossen, the youngest producer in the game. At twenty-one years old, he is building a company of song and dance along with an orchestra under the direction of Wheeler Morrin which is scheduled to open at Pittsburgh early next month.

Complete, itinerant plans are not known yet about the show and its eastern tour, but it is a fact that their opening will be in the east under the contract of a theatrical booking circuit.

It is an old adage that the "Hooey capitol" has never produced a show that was successful, but has sent many individual performers in to the field who have made the grade. Men like Noble Sissle, the Four Spots, Marion Miller, Ralph Brown, the late Kieda Barbara, and many others.

This new troupe is something different and will carry an atmosphere of modernistic entertainment. Chorus, comedy, music, and dancing are hits of the show along with song and music.

Leonard Reed is the dance teacher of Crossen and served as inspiration toward his entering the field. The troupe rehearses daily at the Paradise here in Indianapolis. A fourteen piece band forms the musical background.

NIGHT LIFE IN TERRE HAUTE

The Silver Slipper Nite Club is still holding its own as the elite pleasure grounds for the jovial set. The female impersonators are really doing their share of drawing the crowd. A special added attraction is a real treat in the Beaumont Brothers Orchestra.

Everyone is invited to spend their evenings dining and dancing. Mrs. Ed. Carter, Hostess.

INDIANAPOLIS NIGHT LIFE

Editor's Note:

Thanks, folk, for the hearty response and let me say that your letters will be accepted and published upon receipt for a while yet since interest is beginning to assert itself. If you wish your name withheld, please state so by drawing a line through it, all names are confidential matter and will be destroyed after the letter is published.

The question is "Should a respectable person of any walk of life be scored for drinking or frequenting public places of good character in the community?"

EVANSVILLE, Ind., July 12—To Whom It May Concern—In a recent article under the Night Life column my interest was aroused at the question placed before the readers concerning a person of reputable standing in his or her community who frequents a public drinking establishment.

I am convinced that recent changes socially and a different age makes it more expedient for any person to take a drink since it has been legalized.

These persons should not be chastized for taking their drink in private or in public for practically everyone uses hard drinks in some form or another.

I do agree that there should be certain places where drinking or frequenting will not be considered a slam on one's social standing. Closing I really tried as best I could to say that persons in any walk of life should drink any time they feel like it, anywhere so long as they aren't frequenting places of questionable character.

Yours truly,

MILDRED PATTERSON.

INDIANAPOLIS, July 10—Mr. Johnson, I believe you are the one who handles the Night Life column, if so, my letter is reaching the right party.

The article in your column last week regarding one's social status and mingling with night life in taverns, etc., is one that should be given some consideration. Several friends of mine who are employed in the local school system have often been reluctant about going in several of the public places because of their jobs.

I only want to sympathize with them on one hand and on the other I can't see any reason why their position in life should force them behind closed doors while persons of other professional leanings are permitted to practically do as they please.

I do realize that a certain amount of discretion should be used in one choosing his rendezvous to frequent, but on the other hand if a place has a good name in the community and a decent group of persons patronize it, there should be no reason of fear enveloping the minds of persons

who might wish to go in for a drink or two, so long as he or she doesn't go to the extreme.

Personally, I think it is only the public that is feared and not any regulations which bar such persons from legitimate liberties which they might desire from time to time.

Sincerely,

"C. A. W."

INDIANAPOLIS, July 12—I am quite amused at local conditions every time I return home from visits in other metropolitan cities and find some of my particular friends reluctant about taking in the high spots of the town.

Take Chicago, St. Louis, Cleveland, and a number of other places for instance. There are times when the 500 desires to take in the high spots of the night, and believe me, no place is missed, from the most elite to the lowest.

Back home, I find my bunch ducking in and out, afraid of being seen. At a certain hotel where I am employed, I see hundreds of white persons whose positions are similar to many of our own (teachers particularly) many I can call by their names. They attend some of the wildest parties where practically everyone who can pay the cover charge is admitted—white of course.

If some of our professional folk in the school system did that, their friends wouldn't stop short of nothing with gossip, and why should they suffer rebuke because of gossip when they wish to go out in respectable public places for a little pleasure?

My contention is that the whole thing shows lack of confidence on the part of officials who might call their faculty members and even intimate in the slightest degree that their conduct was unbecoming to their professional standing. These persons are due some rights after their work hours, and since the new deal has given us liquor, those who like it should be permitted to drink it in decent places.

"A SYMPATHIZER."

Before we leave the column for another week we shall let you know what was in a few of the spots which we were able to visit over the week-end.

The upstairs of the Cotton Club was manned by Don Ligons, Emery Moss, and Miss Sweat with Levi behind the bar enjoying the atmosphere.

Among those seen there were Pearl Webb, Ethel Bullock, Katie Johnson and Lucien Patton in one party, then among the many others was Alex Clark, Wm. Fontelroy, Joe Davis, George Dixon, "Nipper," "Piggy" Clay, "Rubbers" Jenkins, Avery Orr, and a number of old familiar faces. At Penish Tavern a full house showed signs of plenty of business with the many folk seeking to cool off after a blistering hot day. In many cases there were parties occupying the booths and tables. The Bule Gose was closed, at the time of our visit, it was reported that license was hanging in fire, but should be taken care of

very shortly. At Reed's and Griders we found a number of folk had paid their visit and retired for the evening, being moved awfully fast there and also the kitchen showed evidences of having had the rush of trade all day. They all like that Kentucky taste in food. Page's in the Boulevard Kitchen along with the Quality Food Shop all got their share of last minute rush for stimulants. The Rainbow had a nice following among the night livers as we stuck our heads in. Lateness of the hour forced us to run in the Mitchell and beat it South to the Leisure Hour where many of the southsiders spend their evening dancing and dining. Back to town and dawn found your reporter just stretching out for a morning of rest after a Saturday night grind.

"Popeye"

A few names of persons whom were guests of the Paradise are as follows: Vivian Abrum, Mary Phillips of Seymour, Ind., Marie Miller, Rosa Guy, Bill Armour, Fred Jameson, James Onell, Russ Evans, Margaret Jewel, Mosell, Williams, and many others, local and out-of-town who enjoyed the holiday here.

AS AJAX SEE'S THEM

Fourth of July was a grand explosion as far as the night livers were concerned. Or should I say some of them were concerned, for I believe some had head explosions the next morning. In the maze at the Cotton Club I was able to see above all others George Houser, Thomas Sloan, and their large party. Vas George doing his number. Had to truck (leave to you) for I heard Earl J. Morris was along the Levee (Avenue to you also) and I had to meet him. Drifted up to the Paradise Dance-land to look them over, and heard he was there. Couldn't find him in the crowd, so the levee opened her arms to me again. I dashed across the street to Joe's he was not there. Now I am really trucking. Back again to the Paradise and five steps up the stairs I met the "Earl of Chicago" and his party leaving. With him was the lovely Lucile Schwartz of St. Louis editor of Rumbling Around St. Louis. Boy sure wish I could

ramble with her. Hope the queen don't see that. You know Morris is the field man for the Black Cat syndicate, a chain of night clubs in the North East and East. He asked that the ole scribe keep a weather eye out for young Cabs, Bill Robinsons, Ethel Waters, so do your numbers boys and girls, ole Ajax will see that. Morris hears about you. (If you can go). Sunday night we saw Raymond Ray, Geo. Rodgers, Billie Johnson, Jack's the sign painter, Minnie Green, Thelma Bundy, James Onell, Willie Carr, and a host of others. Oh yes I met my old friend Charlie Floyd and we had a grand time together. Orchids to Raymond Dee. He's been bringing high class music in this town at a lost, but he says that between him and Sea good must be had for Indianapolis dancing loving public. Say what's the matter with you mugs? No one has been out to see little Grace Glen on Eleventh st., she has been sick for ages. Lets send the little girl some flowers or take her some candy. Well yours in newspaper until next week.

CHAT WITH A COLUMNIST

Hello there you. How've you been?

Sticky hot weather, isn't it?

O, well. There may be showers tonight.

Was wonderin' how you spent the Fourth.

Stunny thing, these holidays come upon us so quick. They come and go and we don't really get a chance to enjoy them thoroughly. You agree with me, yes?

Harlem's always a good place to be from on a holiday. The bustle and bustle of hectic activity is much too much. Even if you can get no farther away than the Bronx or Brooklyn, it's lots better than rubbin' elbows with a lotta people in the Black Belt.

There was the time when one enjoyed a dip in the Lido Pool, a matinee dance at the Savoy Ballroom, or even to look on at an Ellis parade. But, all this has become a passing fancy. I wish somebody would think up something new, entirely different in the way of thrills o'er the holiday. Something that I could recommend to diversion seekers.

My letter-box is filled with such "Ohs" and "Ahs". People write in to ask, "Ted, what would you suggest me to do for this week-end?" Here's one, "Ted, I've been reading your column for years, and needless to say, I think it's the best in the land. I've never had the pleasure of meeting you—so, I had thought, if you'd answer this we could get together. I am thinking seriously of vacationing in New York the latter part of July and wanted to know if you could spare the time to show me about. Answer this and let one of your fans out of his misery."

Cuts, eh? It came all the way from the Windy City, Chicago.

But I couldn't really devote all of my time to showing this lady about town. Though I'd bet her company would be a blessing, as a newspaperman and gentleman, it has always been my motto, "Write and do the right thing."

And I don't want you, out there, to think that I am trying to be stern. I am just being frank about this vacation business. Nothing would suit me better than to romp in the country, play beneath shady apple tree or frolic at the seaside. So why should I encourage anyone to come on to New York.

It's true that we have skyscrapers, the best moving picture and vaudeville palaces; fine ballrooms, famous orchestras, being directed by Paul Sloan, at Metro-Goldwyn-Mayer. Bailey and his group will sing for the Little Country Church of Hollywood on July 13.

Daniel Haynes has left with the "So Red the Rose" Paramount company "on location" in Sherwood Forest.

Clarence Muse, popular radio artist and actor, will be seen in "The Life of Stephen Foster," to be produced by Mascot Productions. "The Return of Tarzan," starring Johnny Weissmuller and Maureen O'Sullivan, went into production last week with some forty big, husky sopia actors as safaris.

Louise Beavers is working on the Paramount lot in "Annopolis Farewell," after returning from Annapolis with the company. Stepin Fetchit, famous comic, will make his first picture away from his home studio—Fox Films. It is "Mr. Kelly" at Paramount.

June will be the biggest month in pictures for both colored actors and extras. Bill Robinson in "Big Broadcast of 1935," Hattie McDaniel in "Alice Adams," Clarence Muse in "O'Shaughnessy's Boy," Daniel Haynes in "So Red the Rose" and Louise Beavers in "Annapolis Farewell," and such pictures using a large number of extras as "Last Days of Pompeii," "The Last Outpost," "The Return of Tarzan," which has at work hundreds of atmosphere extras. Total number of day-checks distributed to extras for month of May was 180, amounting to \$1,450.50.

Jeni LeGon, who executes dance routines with Bill Robinson in RKO Radio's "Hooray for Love," appeared with Whitman Sisters in the most famous of all colored shows.

sun is shining down on me. It's hot as hell!

You would like to visit New York sometime though? Well, if you like, come ahead. I think the New Cotton Club show is worth seeing. You'll like the revue at the (Ungel), and the music show of Charlie Johnson's ork at Small's, isn't half bad. Billie Haliday entertains at the Hot-Cha Restaurant. Ask them to show you Hot-Cha! Everybody goes to meet folks in the know there. Mike Craig would be glad to shake your hand. It is only a cafe, but, you hand. Tell him I recommended the location. There's the 1-0-1 Ranch, a bit of gut-bucket rhythm, and Beale Street hysteria rolled into one. Nearly every town has such a place, but, there's only one 1-0-1 Ranch! The Silver Dollar (Golden Grill, Cavalcade and The Monterey. Just a few of the well-known popular frequented "hot" spots.

Yes, I'm telling you—they and a few others are all that we have to offer now. Of course, the Big Apple, the Bird Cage, Johnson's Tavern and Aunt Dinah's Kitchen play a prominent part in Harlem's after dark rambles. You can get the thrills of lifetime at Coney Island. At Starlight Park. But, there's nothing that tops those Lido Hoppers at the Savoy Ballroom—if you like to sit and watch. But, don't dance! (I know quite a few of the hostesses who'll wring my neck for saying this) yet, dancing in this weather is irksome.

Domenick's Restaurant, Craig's the Little Gray Shops are the snarlier eating places. Do your shopping downtown. Get off the bus at 56th street and cover the vicinity, on foot, and visit Radio City. Go to the Observatory Tower in the Empire State Building—just 25c. The Aquarium at Battery Park. The Museum of Natural History. The Museum of Art. The Museum of New York City. Attend any of the Negro churches in Harlem. Attend the Apollo Theatre. Bronx Park (after seeing Central Park). Go on a tour thru the Presbyterian Hospital. See Madison Center. Attend a ball game at the Yankee Stadium, the Polo Grounds, or watch the newspapers, for a National Negro League contest. Stroll down Seventh Avenue 'long bout midnite, drop into Dickie Wells and see the Shm Shm Band cut up. Hear the Stranahan rhythm—and just sayonara loud that anyone can hear you. "This is New York!" Well, so long.

FATS WALLER, BILL ROBINSON STAR IN FILM

"Fats" Waller, night club and radio, entertainer, has a role in RKO Radio's "Hooray for Love," musical comedy-drama featuring Gene Raymond and Ann Sothern with Pert Kelton, Bill Robinson, Maria Gambarelli, Thurston Hall, Jeni LeGon and others in the cast. Waller, with his orchestra, at one time held forth at Sebastian's "Cotton Club." He has a role in the "show within a show," which is a feature of "Hooray for Love," the rhythmic story of a college boy who wanted to be a theatrical angel and was almost a bust.

New Find

Jeni LeGon, hailed as one of the screen's most important dancing "finds" makes her picture debut in "Hooray for Love."

The petite Miss LeGon teams with Bill Robinson, the tap dancing king, to give the picture a fast Harlem number as part of a big-time four-act revue which forms an integral part of the story.

She was "discovered" for screen audiences by Earl Dancer, colored impresario, when she appeared with his choir of 90 voices at the Ethel Club Theatre in Los Angeles.

Miss LeGon was born in Chicago and made her dancing debut there at the Regal Theatre. After she went to Los Angeles to all-touring with the Whitman Sisters night club engagement and is the only colored girl who has appeared in the Cocoanut Grove at the Ambassador Hotel, Los Angeles.

Her role in "Hooray for Love" is that of a performer in the Broadway show. Gene Raymond is the producer.

ARMSTRONG CHANGES STYLE OF PLAYING

By ISHMATL NORTHROSS (For ANP)

CHICAGO, (ANP).—"I'm about to realize my biggest ambition in music," Louis Armstrong, world's greatest trumpet player, confided as he industriously scrubbed his back with a soapy brush. "With this bunch of cats I've been workin' with these past six weeks, I'm gonna play symphonic jazz numbers on a scale never tried before by white or colored musicians. I'm gonna blow more horns than I did for King George and Queen Mary of England."

New Arrangements

The arrangements that his pal, Zilner Randolph and Jack Olesby are making will revolutionize popular music in this country, if not in the world. Take the "St. Louis Blues" for instance. Those guys have changed it so that it sounds like one of those big numbers by Bach, Chopin, or whatever that German's name?—Uh, Wagner.

"My lip? Never was any better. Why, fellers, I sent to London and got one of those new mouthpieces I invented which has never been used in this country before. It takes an iron lip and an iron jaw to 'riff' through 'em."

"I've gotta bunch of young fellows who can swing like I like it. They can back me up on those hot passages like England backing up Ethiopia. They know more music than any band I've had. 'Wbl, they work with me! Ask 'em. They're been in stiff rehearsal for the past six weeks over at the Sunset Cafe, working from two to six hours a day and then come around to my house at night, wanting to go over something or other. Everyone of them are 'solid' when they get on that bandstand."

"Joe Glazer is conducting the tour. You know him. He was the owner of the Sunset Cafe for so many years. There isn't a colored star on the boards or behind a stand who hasn't at one time or another been with or connected in some way with Joe. He's smart in the game. He knows where the money is and the two of us together hit the top and hit it good. That's the way to live and we'll go swinging right on to the sky. Yeah, man."

Popular movements are good for the soul. It makes a man humble to realize that he has played the fool.

SOUTH BEND, Ind., July 12.—The Rev. Savannah Watkins, pastor of the Church of God in Christ, and a resident of South Bend for the eleven years, died at her home here Thursday of last week, following an illness of 10 days.
The Rev. Watkins, who was born in Minter City, Miss., April 16, 1883, came to South Bend from Chicago and had been active here in the churches of her chosen denomination since.
She is survived by one sister, Mrs. Eliza Mallett of Mississippi, and two brothers, Ernest Gray, of Mississippi, and L. C. Gray, of General Gray, both of South Bend.

Services Held For Otis Mitchell

Funeral services for Otis Mitchell, who died Wednesday of last week at his home, 146 S. West street, were held Friday at the Abel Bros. & Winfrey chapel.
Mr. Mitchell is survived by his mother, daughter and son-in-law. Burial was in Floral Park.

Neighbors Injure Each Other in Fight

William Higgins, 37, 1234 Oregon street and his next door neighbor, Mrs. Ozella Southern, 40, 1234 Oregon street maintained a stoical silence early Sunday morning as doctors treated their injuries at the city hospital.
Higgins was suffering from a knife wound and Mrs. Southern had several large bumps on her head which at the time of their arrest at thirteenth and Lafayette streets she was confident their appearance before Judge Dewey Myers in Municipal court would have a softening effect upon their upper lips. Judge Myers is inflicting severe penalties in a campaign to reduce the hazard of personal attacks.

Injuries Not Fatal

Injuries received by Miss Sarah Samuels, 438 West North street in an automobile collision last week will not prove fatal, City hospital surgeons say.
Miss Samuels suffered injuries internally and about the head and back when the car in which she was riding and driven by Ames McReynolds, also of 438 West North street collided with a Hoosier Cab driven by Francis Wilson, white, 32, 239 South Harding street at Eighteenth and Harding street early Saturday morning.
McReynolds was arrested for not having drivers license.

ATLANTIC CITY, N. J., July 12.—(AP)—Attorney William A. Dart, who won in last week's election as prosecutor for Atlantic City, a day after Attorney David Altman, former legislator, was acclaimed prosecutor.

He is a regular full-time attorney and will handle white as well as colored cases.

Belated Search

Max Richardson's belated gesture of generosity led him into a legal entanglement Saturday from which he may find it difficult to extricate himself.
Max, 40, must answer to a charge of violation of the state beverage act because he refused to let his common law wife, Mrs. Mary Mathews, 30, have her clothes at the time he threw her out of their home at 1123 Brooks street.
Incensed at her summary dismissal, Mrs. Mathews sought the aid of the police. Max melted at their appearance and consented to search. During his progress the officers stumbled upon two five gallon cans of alcohol which they charged belonged to Max. He was promptly hauled off to jail.

Girls Slip Up On Hose, Slips, Jailed

Three young ladies no doubt regret their inordinate fondness for pink princess slips at dawn today. Detectives arrested the three Saturday on charges of petty larceny on complaint of E. G. Campbell, manager of the J. C. Campbell store, 33 West Washington street, that they were shoplifting.
Miss Laverne Thomas, 19, 723 Blake street was charged with larceny of the gaily colored underwear, garters and a pair of flimsy tan hose from the department store.
Miss Vickie Bradford, 19, 834 West Ninth street is alleged to have made her selection from the McGraw's and 14th Street store, 39 West Washington street adding a modish green lined bathing suit and a red and white house dress.
The Grand store at 43 East Washington street was the alleged unwilling beneficiary of Miss Georgia Brooks, 20, 623 North West street. She also is charged with having added other articles of women's wear to the ailing slip and hose.
